

Edmodo: Signing up students

1. Login to Edmodo

<http://midwayisd.edmodo.com/>

There is a shortcut to the Midway subdomain on the MISD Homepage under the Students tab.

If you are using an iPad, use Safari to find this shortcut, and not the Edmodo App

2. Click "I'm a Student"

Note: A student only has to sign up for Edmodo one time. So, if a student has already signed up with another teacher, they will use this page to Sign in and not select "I'm a Student". After signing in, they will only need to join the new teacher's group with the teacher created join code.

3. Complete the Student Sign up

A. Students use a group code to enter your group. (Teachers, this is NOT the school code, this is the group code Edmodo generated when you created your group).

B. Students use their midway username PLUS "**_misd**" at the end. See example on right.

C. Students use their Midway passwords

D. Students use their midway email address: midwayusername@student.midwayisd.org

E. Student First Name

F. Student Last Name

4. Check the box and click "Sign Up"
