Preface

To Students and Parents:

Welcome to the 2020-2021 school year! Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students. Please note that COVID-19 specific protocols and guidelines are published separately from this handbook, as the situation is in a constant state of change.

The Midway ISD (MISD) Student Handbook is designed to provide basic information that you and your child will need during the school year. The handbook is divided into two sections:

Section I: Parental Rights offers information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook.

Section II: Other Important Information for Students and Parents is organized alphabetically by topic, and, where possible, further divided by applicability to ages and/or grade levels, for quick access when searching for information on a specific issue.

Unless otherwise noted, the term “parent,” unless otherwise noted, refers to the parent, legal guardian, any person granted some other type of lawful control of the student, or any other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to align with board policy and the Student Code of Conduct, a board-adopted document intended to promote school safety and an atmosphere for learning. The Student Handbook is not meant to be a complete statement of all policies, procedures, or rules in any given circumstance.

In case of conflicts between board policy (including the Student Code of Conduct) and any Student Handbook provision, the district will follow board policy and the Student Code of Conduct.

Therefore, parents and students should become familiar with the MISD Student Code of Conduct. To review the Code of Conduct, visit the district’s website at www.midwayisd.org.
State law requires that the Code of Conduct be prominently displayed or made available for review at each campus.

A hard copy of either the Student Code of Conduct or Student Handbook can be requested at each campus.

The Student Handbook is updated annually; however, policy adoption and revisions may occur throughout the year. The district encourages parents to stay informed of proposed policy changes by attending board meetings and reviewing newsletter and other communications explaining changes in policy or other rules that affect Student Handbook provisions. The district reserves the right to modify the Student Handbook at any time. Notice of revisions will be provided as is reasonably practical.

Although the Student Handbook may refer to rights established through law or district policy, it does not create additional rights for parents and students. It does not, nor is it intended to, represent a contract between any parent or student and the district.

If you or your child have questions about any of the material in this handbook, please contact your child’s campus office. **Acknowledgement of this handbook is accomplished during online enrollment.**

Please note that COVID-19 specific guidelines are subject to change and are published separately from this student handbook. For up-to-date COVID-19 information, please access the district website at [www.midwayisd.org/coronavirus](http://www.midwayisd.org/coronavirus).

Section I: Parental Rights

This section of the MISD Student Handbook includes information related to certain rights of parents as specified in state or federal law.

Consent, Opt-Out, and Refusal Rights

**Consent to Conduct a Psychological Evaluation or Provide a Mental Health Care Service**

Unless required under state or federal law, a district employee will not conduct a psychological examination, test, or treatment without obtaining written parental consent.

The district will not provide a mental health care service to a student except as permitted by law.

The district has established procedures for providing a parent with a recommendation for an intervention for a student with early warning signs of mental health concerns or substance abuse or who has been identified as at risk of attempting suicide. The district’s mental health liaison will notify the student’s parent within a reasonable amount of time after the liaison learns that a student has displayed early warning signs and a possible need for intervention and provide information about available counseling options.
The district has also established procedures for staff to notify the mental health liaison regarding a student who may need intervention.

The mental health liaison, Anne-Marie Zellers, can be reached at 761-5610 and can provide further information regarding these procedures as well as educational materials on identifying risk factors, accessing resources for treatment or support on- and off-campus, and accessing available student accommodations provided on campus.

Note: An evaluation may be legally required under special education rules or by the Texas Education Agency (TEA) for child abuse investigations and reports.

Consent to Display a Student’s Original Works and Personal Information

Teachers may display a student’s work in classrooms or elsewhere on campus as recognition of student achievement without seeking prior parental consent. These displays may include personally identifiable student information. Student work includes:

- Artwork,
- Special projects,
- Photographs,
- Original videos or voice recordings, and
- Other original works.

However, the district will seek parental consent before displaying a student’s work on the district’s website, a website affiliated or sponsored by the district (such as a campus or classroom website), or in district publications, which may include printed materials, videos, or other methods of mass communication.

Consent to Receive Parenting and Paternity Awareness Instruction if Student is under Age 14

A student under age 14 must have parental permission to participate in the district’s parenting and paternity awareness program. This program was developed by the Office of the Texas Attorney General and the State Board of Education (SBOE) to be incorporated into health education classes.

Consent to Video or Audio Record a Student when Not Already Permitted by Law

State law permits the school to make a video or voice recording without parental permission when it:

- Is to be used for school safety,
- Relates to classroom instruction or a cocurricular or extracurricular activity,
- Relates to media coverage of the school, or
- Relates to the promotion of student safety as provided by law for a student receiving special education services in certain settings.
In other circumstances, the district will seek written parental consent before making a video or voice recording of a student.

**Prohibiting the Use of Corporal Punishment**

The Board prohibits the use of corporal punishment in the District. Students shall not be spanked, paddled, or subject to other physical force as a means of discipline for violations of the Student Code of Conduct.

**Limiting Electronic Communications with Students by District Employees**

Teachers and other approved employees are permitted by the district to use electronic communication with students within the scope of the individual’s professional responsibilities, as described by district guidelines. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. As a parent, you are welcome to join or become a member of such a page.

An employee who communicates electronically with students shall observe the following:

The employee is prohibited from knowingly communicating with students using any form of electronic communications, including mobile and web applications, that are not provided or accessible by the district unless a specific exception is noted below.

Only a teacher, trainer, or other employee who has an extracurricular duty may use text messaging, and then only to communicate with students who participate in the extracurricular activity over which the employee has responsibility. An employee who communicates with a student using text messaging shall comply with the following protocol:

The employee shall limit communications to matters within the scope of the employee’s professional responsibilities (e.g., for classroom teachers, matters relating to class work, homework, and tests; for an employee with an extracurricular duty, matters relating to the extracurricular activity).

The employee is prohibited from knowingly communicating with students through a personal social network page; the employee must create a separate social network page (“professional page”) for the purpose of communicating with students. The employee must enable administration and parents to access the employee’s professional page.

The employee shall not communicate directly with any student between the hours of 11:00 p.m. and 6:00 a.m. An employee may, however, make public posts to a social network site, blog, or similar application at any time.

If you prefer that your child not receive any one-to-one electronic communications from a district employee or if you have questions related to the use of electronic media by district employees, please contact the campus principal.

**Objecting to the Release of Directory Information**

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated “directory information” from a student’s education records without written consent. “Directory information” is information that is generally not considered harmful
or an invasion of privacy if released. Examples include a student’s photograph for publication in the school yearbook; a student’s name and grade level for purposes of communicating class and teacher assignment; the name, weight, and height of an athlete for publication in a school athletic program; a list of student birthdays for generating schoolwide or classroom recognition; a student’s name and photograph posted on a district-approved and -managed social media platform; and the names and grade levels of students submitted by the district to a local newspaper or other community publication to recognize the A/B honor roll for a specific grading period. Directory information will be released to anyone who follows procedures for requesting it.

However, a parent or eligible student may object to the release of a student’s directory information. This objection must be made in writing to the principal within ten school days of your child’s first day of instruction for this school year. [See the “Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information” in the MISD online enrollment process.]

The district requests that families living in a shelter for survivors of family violence or trafficking notify district personnel that the student currently resides in such a shelter. Families may want to opt out of the release of directory information so that the district does not release any information that might reveal the location of such a shelter.

As allowed by state law, the district has identified two directory information lists—one for school-sponsored purposes and the second for all other requests. For all district publications and announcements, the district has designated the following as directory information: student name, address, telephone listing, photograph, grade level, participation in officially recognized activities and sports, degrees, honors, and awards received at school, and weight and height of members of athletic teams. If you do not object to the use of your child’s information for these limited school-sponsored purposes, the school will not need to ask your permission each time the district wishes to use the information for the school-sponsored purposes listed above.

For all other purposes, the district has identified the following as directory information: student name, address, telephone listing, and grade level. If you do not object to the use of your child’s information for these purposes, the school must release this information when the school receives a request from an outside entity or individual.

Note: Review Authorized Inspection and Use of Student Records on page 15.

Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)

Unless a parent has advised the district not to release his or her student’s information, the Every Student Succeeds Act (ESSA) requires the district to comply with requests by military recruiters or institutions of higher education for the student’s:

- Name,
- Address, and
- Telephone listing
You are able to designate in the online enrollment process if you do not want the district to provide this information to military recruiters or institutions of higher education.

**Participation in Third-Party Surveys**

**Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation**

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent.
- Mental or psychological problems of the student or the student’s family.
- Sex behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parent.
- Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

A parent can inspect the survey or other instrument and any corresponding instructional materials used in connection with such a survey, analysis, or evaluation. [For more information, see policy EF(LEGAL).]

**“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information**

The Protection of Pupil Rights Amendment (PPRA) requires that a parent be notified when a survey is not funded by the U.S. Department of Education.

A parent has a right to deny permission for his or her child’s participation in:

- Any survey concerning private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from the child for the purpose of marketing, selling, or otherwise disclosing that information.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student.

Exceptions are hearing, vision, or spinal screenings, or any physical examination or screening permitted or required under state law. [See policies EF and FFAA.]
A parent may inspect a survey created by a third party before the survey is administered or distributed to his or her child.

**Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction**

**Human Sexuality Instruction**

As a part of the district’s curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) makes recommendations for course materials.

State law requires that the district provide written notice before each school year of the board’s decision to provide human sexuality instruction.

State law also requires that instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS):

- Present abstinence from sexual activity as the preferred choice in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence, if used consistently and correctly, is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted infections and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to abstain from sexual activity before marriage as the most effective way to prevent pregnancy and sexually transmitted diseases; and
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

Per state law, here is a summary of the district’s curriculum regarding human sexuality instruction:

Midway ISD teaches an abstinence-based approach and utilizes local resources. Additionally, students are provided with the knowledge that sexual choices are among the most important decisions they may make as a young adult. The curriculum utilized is “Wellness & Sexual Health,” developed by Scott & White Healthcare.

As a parent, you are entitled to review the curriculum materials. In addition, you may remove your child from any part of the human sexuality instruction with no academic, disciplinary, or other penalties. You may also choose to become more involved with the development of curriculum used for this purpose by becoming a member of the district’s SHAC. Please see the campus principal for additional information.

**Reciting a Portion of the Declaration of Independence in Grades 3–12**

State law designates the week of September 17 as Celebrate Freedom Week and requires all social studies classes provide:
Instruction concerning the intent, meaning, and importance of the Declaration of Independence and the U.S. Constitution, and

A specific recitation from the Declaration of Independence for students in grades 3–12.

Per state law, a student may be excused from recitation of a portion of the Declaration of Independence if:

- A parent provides a written statement requesting that his or her child be excused,
- The district determines that the student has a conscientious objection to the recitation, or
- A parent is a representative of a foreign government to whom the U.S. government extends diplomatic immunity.

[See policy EHBK(LEGAL).]

Reciting the Pledges to the U.S. and Texas Flags

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be in writing.

State law, however, requires that all students participate in one minute of silence following recitation of the pledges.

[See Pledges of Allegiance and a Minute of Silence on page 88 and policy EC(LEGAL).]

Religious or Moral Beliefs

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by state law.

Tutoring or Test Preparation

A teacher may determine that a student needs additional targeted assistance for the student to achieve mastery in state-developed essential knowledge and skills based on:

- Informal observations,
- Evaluative data such as grades earned on assignments or tests, or
- Results from diagnostic assessments.

The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible.

In accordance with state law and policy EC, without parental permission, districts are prohibited from removing a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the days the class is offered.
Under state law, students with grades below 70 for a reporting period are required to attend tutorial services—if the district offers these services.

[For questions about school-provided tutoring programs, see policies EC and EHBC, and contact the student’s teacher.]

**Right of Access to Student Records, Curriculum Materials, and District Records/Policies**

**Instructional Materials**

A parent has the right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered.

A parent is also entitled to request that the school allow the student to take home instructional materials the student uses. The school may ask the student to return the materials at the beginning of the next school day.

A school must provide printed versions of electronic instructional materials to a student if the student does not have reliable access to technology at home.

**Notices of Certain Student Misconduct to Noncustodial Parent**

Noncustodial parents may request in writing that they be provided, for the remainder of the school year, a copy of any written notice usually provided to parents related to their child’s misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LEGAL) and the Student Code of Conduct.]

**Participation in Federally Required, State-Mandated, and District Assessments**

In accordance with the Every Student Succeeds Act (ESSA), a parent may request information regarding any federal, state, or district policy related to his or her child’s participation in required assessments.

**Student Records**

**Accessing Student Records**

A parent may review your child’s student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
• Other medical records,
• Teacher and school counselor evaluations,
• Reports of behavioral patterns,
• Records relating to assistance provided for learning difficulties, including information collected regarding any intervention strategies used with your child, as the term intervention strategy is defined by law,
• State assessment instruments that have been administered to your child, and
• Teaching materials and tests used in your child’s classroom.

Authorized Inspection and Use of Student Records

The Family Educational Rights and Privacy Act (FERPA) affords parents and eligible students certain rights regarding student education records.

For purposes of student records, an “eligible” student is anyone age 18 or older or who attends a postsecondary educational institution. These rights, as discussed here and at Objecting to the Release of Directory Information on page 9, are the right to:

• Inspect and review student records within 45 days after the day the school receives a request for access;
• Request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA;
• Provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent; and
• File a complaint with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements. The office that administers FERPA is:

  Family Policy Compliance Office  
  U.S. Department of Education  
  400 Maryland Ave., S.W.  
  Washington, DC 20202

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy.

Before disclosing personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance—including grades, test results, and disciplinary records—is considered confidential educational records.

Inspection and release of student records is restricted to an eligible student or a student’s parent—whether married, separated, or divorced—unless the school receives a copy of a court order terminating parental rights or the right to access a student’s education records.
Federal law requires that control of the records goes to the student as soon as the student:

- Reaches the age of 18,
- Is emancipated by a court, or
- Enrolls in a postsecondary educational institution.

However, the parent may continue to have access to the records if the student is a dependent for tax purposes and, under limited circumstances, when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student’s education records without written consent of the parent or eligible student when district officials have what federal law refers to as a “legitimate educational interest” in student’s records. School officials would include:

- Board members and employees, such as the superintendent, administrators, and principals;
- Teachers, school counselors, diagnosticians, and support staff (including district health or medical staff);
- A person or company with whom the district has contracted or allowed to provide a specific institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer);
- A person appointed to serve on a school committee to support the district’s safe and supportive school program;
- A parent or student serving on a school committee; or
- A parent or student assisting a school official in the performance of his or her duties.

“Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official’s professional responsibility to the school and the student; or investigating or evaluating programs.

- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General’s office, the U.S. Attorney General’s office, the U.S. Secretary of Education, the Texas Education Agency, the U.S. Secretary of Agriculture’s office, and Child Protective Services (CPS) caseworkers or, in certain cases, other child welfare representatives.

- To individuals or entities granted access in response to a subpoena or court order.

- To another school, district/system, or postsecondary educational institution to which a student seeks or intends to enroll or in which the student already is enrolled.

- In connection with financial aid for which a student has applied or has received.

- To accrediting organizations to carry out accrediting functions.
To organizations conducting studies for, or on behalf of, the school to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.

To appropriate officials in connection with a health or safety emergency.

When the district discloses directory information-designated details. [To prohibit this disclosure, see Objecting to the Release of Directory Information on page 9.]

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The superintendent’s designee is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wants to inspect the student’s records should submit a written request to the records custodian identifying the records he or she wants to inspect.

Records may be reviewed in person during regular school hours. The records custodian or designee will be available to explain the record and to answer questions.

A parent or eligible student who submits a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review the records.

The address of the superintendent’s office is 13885 Woodway Drive, Woodway 76712.

The addresses of the principals’ offices are:

**Midway High School** 761-5650
8200 Mars Dr | Waco 76712

**Midway Middle School** 761-5680
800 Hewitt Dr | Hewitt 76643

**River Valley Intermediate** 761-5699
4750 Speegleville Rd | McGregor 76657

**Woodgate Intermediate** 761-5690
9400 Chapel Rd | Waco 76712

**Castleman Creek Elementary** 761-5755
755 South Hewitt Drive | Hewitt 76643

**Hewitt Elementary** 761-5750
900 Panther Way | Hewitt 76643

**South Bosque Elementary** 761-5720
#1 Wickson Rd | Waco 76712

**Speegleville Elementary** 761-5730
A parent or eligible student may inspect the student’s records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student’s privacy rights.

A request to correct a student’s record should be submitted to the appropriate records custodian. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If after the hearing the records are not amended, the parent or eligible student has 30 school days to place a statement in the student’s record.

Although improperly recorded grades may be challenged, contesting a student’s grade in a course or on an examination is handled through the complaint process found in policy FNG(LOCAL). A grade issued by a teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district’s grading guidelines. [See Finality of Grades at FNG(LEGAL), Report Cards/Progress Reports and Conferences on page 91, and Complaints and Concerns on page 41.]

The district’s student records policy is found at policy FL(LEGAL) and (LOCAL) and is available at the principal’s or superintendent’s office or on the district’s website at www.midwayisd.org.

Note: The parent’s or eligible student’s right of access to and copies of student records does not extend to all records. Materials that are not considered educational records—such as a teacher’s personal notes about a student shared only with a substitute teacher—do not have to be made available.

**Teacher and Staff Professional Qualifications**

A parent may request information regarding the professional qualifications of his or her child’s teachers, including whether the teacher:

- Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction,

- Has an emergency permit or other provisional status for which state requirements have been waived, and

- Is currently teaching in the field of discipline of his or her certification.

The parent also has the right to request information about the qualifications of any paraprofessional who may provide services to the child.
Students with Exceptionalities or Special Circumstances

Children of Military Families

The Interstate Compact on Educational Opportunities for Military Children entitles children of military families to flexibility regarding certain district and state requirements, including:

- Immunization requirements;
- Grade level, course, or educational program placement;
- Eligibility requirements for participation in extracurricular activities;
- Enrollment in the Texas Virtual School Network (TXVSN); and
- Graduation requirements.

The district will excuse absences related to a student visiting a parent, including a stepparent or legal guardian, who is:

- Called to active duty,
- On leave, or
- Returning from a deployment of at least four months.

The district will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent’s return from deployment.

Additional information may be found at Military Family Resources at the Texas Education Agency.

Parental Role in Certain Classroom and School Assignments

Multiple Birth Siblings

State law permits a parent of multiple-birth siblings (e.g., twins, triplets) assigned to the same grade and campus to request in writing that the children be placed in either the same classroom or separate classrooms.

Written requests must be submitted by the 14th day after the students’ enrollment. [See policy FDB(LEGAL).]

Safety Transfers/Assignments

A parent may:

- Request the transfer of his or her child to another classroom or campus if the district has determined that the child has been a victim of bullying, which includes cyberbullying, as defined by Education Code 37.0832.
- Consult with district administrators if the district has determined that his or her child has engaged in bullying and the board has decided to transfer the child to another classroom or campus.
Transportation is not provided for a transfer to another campus. See the principal for more information.

[See Bullying on page 32, and policies FDB and FFI.]

- Request the transfer of his or her child to a safe public school in the district if the child attends a school identified by the Texas Education Agency as persistently dangerous or if the child has been a victim of a violent criminal offense while at school or on school grounds.

[See policy FDE.]

- Request the transfer of his or her child to another district campus if the child has been the victim of sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for the assault. In accordance with policy FDE, if the victim does not wish to transfer, the district will transfer the assailant.

**Service/Assistance Animal Use by Students**

A parent of a student who uses a service/assistance animal because of the student’s disability must submit a request in writing to the principal before bringing the service/assistance animal on campus. The district will try to accommodate a request as soon as possible but will do so within ten district business days.

**A Student in the Conservatorship of the State (Foster Care)**

A student in the conservatorship (custody) of the state who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities at any point during the year.

The district will grant partial course credit by semester when the student only passes one semester of a two-semester course.

A student in the conservatorship of the state who is moved outside the district’s or school’s attendance boundaries—or who is initially placed in the conservatorship of the state and moved outside the district’s or school’s boundaries—is entitled to remain at the school the student was attending prior to the placement or move until the student reaches the highest grade level at that particular school.

If a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request a diploma from the previous district if the student meets its graduation criteria.

For a student in the conservatorship of the state who is eligible for a tuition and fee exemption under state law and likely to be in care on the day preceding the student’s 18th birthday, the district will:

- Assist the student with the completion of applications for admission or financial aid;
- Arrange and accompany the student on campus visits;
• Assist in researching and applying for private or institution-sponsored scholarships;
• Identify whether the student is a candidate for appointment to a military academy;
• Assist the student in registering and preparing for college entrance examinations, including (subject to the availability of funds) arranging for the payment of examination fees by the Texas Department of Family and Protective Services (DFPS); and
• Coordinate contact between the student and a liaison officer for students formerly in the conservatorship of the state.

[See Credit by Examination for Advancement/Acceleration on page 46, Course Credit on page 45, and A Student in Foster Care on page 102 for more information.]

A Student Who Is Homeless

Children who are homeless will be provided flexibility regarding certain district provisions, including:

• Proof of residency requirements;
• Immunization requirements;
• Educational program placement (if the student is unable to provide previous academic records or misses an application deadline during a period of homelessness);
• Credit-by-examination opportunities at any point during the year (if the student enrolled in the district after the beginning of the school year), per State Board of Education (SBOE) rules;
• Awarding partial credit when a student passes only one semester of a two-semester course;
• Eligibility requirements for participation in extracurricular activities; and
• Graduation requirements.

Federal law allows a student who is homeless to remain enrolled in the “school of origin” or to enroll in a new school in the attendance area where the student is currently residing.

If a student who is homeless in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, state law allows the student to request a diploma from the previous district if the student meets the criteria to graduate from the previous district.

A student or parent who is dissatisfied by the district’s eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The district will expedite local timelines, when possible, for prompt dispute resolution.

[See Credit by Examination for Advancement/Acceleration on page 46, Course Credit on page 45, and Students who are Homeless on page 102 for more information.]
A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services

For those students who are having difficulty in the regular classroom, all school districts must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

If a student is experiencing learning difficulties, his or her parent may contact the individuals listed below to learn about the school’s overall general education referral or screening system for support services.

This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine whether the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to a district administrative employee of the school district, the district must respond no later than 15 school days after receiving the request. At that time, the district must give the parent prior written notice of whether it agrees or refuses to evaluate the student, along with a copy of the Notice of Procedural Safeguards. If the district agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Note: A request for a special education evaluation may be made verbally; it does not need to be made in writing. Districts must still comply with all federal prior-written notices and procedural safeguard requirements as well as the requirements for identifying, locating, and evaluating children who are suspected of having a disability and in need of special education. However, a verbal request does not require the district to respond within the 15 school-day timeline.

If the district decides to evaluate the student, it must complete the student’s initial evaluation and evaluation report no later than 45 school days from the day it receives a parent’s written consent. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If the district receives a parent’s consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30 due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district must give the parent a copy of the evaluation report at no cost.
Additional information regarding special education is available from the school district in a companion document titled *Parent’s Guide to the Admission, Review, and Dismissal Process.*

**Contact Person for Special Education Referrals**

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is each campus principal or Sharon Blanchard, Director of Special Education and 504 at 761-5625.

If a parent suspects his/her child has a disability, he/she has the right to request an evaluation at no cost. The request can be made to the child’s campus counselor. If eligible, services can be provided at no cost.

**Section 504 Referrals**

Each school district must have standards and procedures in place for the evaluation and placement of students in the district’s Section 504 program. Districts must also implement a system of procedural safeguards that includes:

- Notice,
- An opportunity for a parent or guardian to examine relevant records,
- An impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and
- A review procedure.

**Contact Person for Section 504 Referrals**

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for Section 504 services is Sharon Blanchard, Director of Special Education and 504 at 761-5625.

[See *A Student with Physical or Mental Impairments Protected under Section 504* on page 24.]

Visit these websites for information regarding students with disabilities and the family:

- Legal Framework for the Child-Centered Special Education Process
- Partners Resource Network
- Special Education Information Center
- Texas Project First

**Notification to Parent of Intervention Strategies for Learning Difficulties Provided to Student in General Education**

In accordance with state law, the district will annually notify parents if their child receives assistance for learning difficulties. Details of such assistance can include intervention strategies. This notice is not intended for those students already enrolled in a special education program.
**Students Who Receive Special Education Services with Other School-Aged Children in the Home**

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. However, the district is not required to provide transportation to the other children in the household. The parent or guardian should speak with the principal of the school regarding transportation needs prior to requesting a transfer for any other children in the home. [See policy FDB(LOCAL).]

**Students Who Speak a Primary Language Other than English**

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English. If the student qualifies for these extra services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

**Students with Physical or Mental Impairments Protected Under Section 504**

A student with a physical or mental impairment that substantially limits a major life activity, as defined by law—and who does not otherwise qualify for special education services—may qualify for protections under Section 504 of the Rehabilitation Act.

Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities. When an evaluation is requested, a committee will be formed to determine whether the student needs services and supports under Section 504 in order to receive a free appropriate public education (FAPE), as defined in federal law. [See policy FB.]

Secondary students: In order to receive services from McLennan Community College Disability Services for Dual Credit Enrollment courses, students must follow the application process established for all McLennan Community College students. Students are responsible for providing McLennan Community College with all required documentation, and the documentation submitted will be reviewed by the McLennan Community College Disabilities Specialist to determine eligibility. The Midway High School Dual Credit Liaison will maintain documentation signed by students and parents indicating the student’s intent to apply for accommodations through McLennan Community College. Students who receive accommodations through the college will be contacted throughout each semester by college staff to ensure accommodations are being followed. Additionally, the MHS Dual Credit Liaison will touch base with students throughout each semester who indicated intent to apply for accommodations in order to ensure accommodations are being met. Parents and/or students need to notify the MHS Dual Credit Liaison with any concerns regarding the implementation of accommodations in dual credit courses.
[See also **Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services** on page 22 for more information.]
Section II: Other Important Information for Students and Parents

Topics in this section of the Student Handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Where possible, the topics are also organized to alert you to the applicability of each topic based on a student’s age or grade level. Should you be unable to find the information on a particular topic, please contact your child’s campus.

Absences/Attendance

*COVID-19 specific guidelines are subject to change throughout the school year and are denoted on the district website and available from each campus. Please note, however, that Texas state law still requires districts to provide attendance information, as well as notification letters for absences. Please be patient as we maneuver attendance requirements with health and safety guidelines due to COVID-19. *

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with the required presence of school-aged children in school, e.g., compulsory attendance, the other with how a student’s attendance affects the award of a student’s final grade or course credit—are of special interest to students and parents. They are discussed below.

Compulsory Attendance

Prekindergarten and Kindergarten

Students enrolled in prekindergarten or kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.

Ages 6 - 18

State law requires that a student who is at least six years of age, or who is younger than six years of age and has previously been enrolled in first grade, and who has not yet reached their 19th birthday, shall attend school, as well as any applicable accelerated instruction program, extended-year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires a student in kindergarten–grade 2 to attend any assigned accelerated reading instruction program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program based on a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and/or applicable subject area.
Age 19 and Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If a student age 19 or older has more than five unexcused absences in a semester, the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA.]

Exemptions to Compulsory Attendance

All Grade Levels

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining U.S. citizenship;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders, if the student comes to school or returns to school on the same day as the appointment. A note from the health-care provider must be submitted upon the student’s arrival or return to campus; and
- For students in the conservatorship (custody) of the state,
  - An activity required under a court-ordered service plan; or
  - Any other court-ordered activity, provided it is not practicable to schedule the student’s participation in the activity outside of school hours.

As listed in Section I at Children of Military Families, absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments. [See page 19.]

Secondary Grade Levels

In addition, a junior or senior student’s absence of up to two days related to visiting a college or university will be considered an exemption, provided this has been authorized by the board under policy FEA(LOCAL), the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

An absence will also be considered an exemption if a student 17 years of age or older is pursuing enlistment in a branch of the U.S. armed services or Texas National Guard, provided the absence does not exceed four days during the period the student is enrolled in high school and the student provides verification to the district of these activities.

Absences of up to two days in a school year will also be considered an exemption for a student serving as:
An early voting clerk, provided the district’s board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences; and

- An election clerk, if the student makes up any work missed.

An absence of a student in grades 6–12 for the purpose of sounding “Taps” at a military honors funeral for a deceased veteran will also be excused by the district.

**Failure to Comply with Compulsory Attendance**

**All Grade Levels**

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

**Students with Disabilities**

If a student with a disability is experiencing attendance issues, the student’s ARD committee or Section 504 committee will be notified, and the committee will determine whether the attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student's individualized education program or Section 504 plan, as appropriate.

**Ages 6 - 18**

When a student between ages 6 and 18 incurs unexcused absences for three or more days or parts of days within a four-week period, the school will send a notice to the student’s parent, as required by law, to remind the parent that it is the parent’s duty to monitor the student’s attendance and to require the student to come to school. The notice will also inform the parent that the district will initiate truancy prevention measures and request a conference between school administrators and the parent. These measures will include a behavior improvement plan, school-based community service, or referrals to either in-school or out-of-school counseling or other social services. Any other measures considered appropriate by the district will also be initiated.

The truancy prevention facilitator for the district is Marva Harrison. If you have questions about your student and the effect of his or her absences from school, please contact the facilitator or any other campus administrator.

A court of law may also impose penalties against a student’s parent if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student is absent without excuse from school on ten or more days or parts of days within a six-month period in the same school year.

If a student ages 12–18 incurs unexcused absences on ten or more days or parts of days within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.
[See policies FEA(LEGAL) and FED(LEGAL).]

Age 19 and Older

After a student age 19 or older incurs a third unexcused absence, the district will send the student a letter as required by law explaining that the district may revoke the student’s enrollment for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking a student’s enrollment, the district may implement a behavior improvement plan.

Attendance for Credit or Final Grade (All Grade Levels)

To receive credit or a final grade in a class, a student in kindergarten–grade 12 must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit or a final grade for the class if he or she completes a plan, approved by the principal, who allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit or a final grade for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed the plan approved by the principal, then the student will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policy FEC LEGAL.]

All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- If makeup work is completed, absences for the reasons listed above at Exemptions to Compulsory Attendance will be considered extenuating circumstances for purposes of attendance for credit or the award of a final grade.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student’s absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will review absences incurred based on the student’s participation in board-approved extracurricular activities. These absences will be considered by the attendance committee as extenuating circumstances in accordance with the absences allowed under FM(LOCAL) if the student made up the work missed in each class.
- The committee will consider the acceptability and authenticity of documented reasons for the student’s absences.
- The committee will consider whether the absences were for reasons over which the student or the student’s parent could exercise any control.

- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.

- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or a final grade.

The student or parent may appeal the committee’s decision to the board by following policy FNG(LOCAL).

The actual number of days a student must be in attendance to receive credit or a final grade will depend on whether the class is for a full semester or for a full year.

**Official Attendance-Taking Time (All Grade Levels)**

The district must submit attendance of its students to the TEA reflecting attendance at a specific time each day.

Official attendance is taken every day during the first hour of the school day for Pre-K through 8th grade students, and during the second hour of the school day at Midway High School.

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.

**Documentation after an Absence (All Grade Levels)**

When a student is absent from school, the student—upon arrival or return to school—must bring a note signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent’s permission, will not be accepted unless the student is age 18 or older or is an emancipated minor under state law. A phone call from the parent may be accepted, but the district reserves the right to require a written note. *Notes will only be accepted within a 2-week window of the absence.*

The campus will document in its attendance records for the student whether the absence is considered by the district to be excused or unexcused. *Only three parent notes per semester will be considered excused.*

**Note:** Unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence, even if the parent provides a note explaining the absence.

**Doctor’s Note after an Absence for Illness (All Grade Levels)**

Within 3 days of returning to school, a student absent for more than 3 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student’s extended absence from school. Otherwise, the student’s absence may be considered unexcused and, if so, would be considered to be in violation of compulsory attendance laws.
Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student’s absence from school to determine whether the absence or absences will be excused or unexcused.

[See policy FEC(LOCAL).]

**Driver License Attendance Verification (Secondary Grade Levels Only)**

A currently enrolled student seeking a driver’s license shall submit the Texas Department of Public Safety Verification of Enrollment and Attendance Form (VOE), signed by the parent, to the campus central office at least 10 days before it is needed. The district will issue a VOE only if the student meets class credit or attendance requirements. The VOE form is available at: [https://www.tdlr.texas.gov/driver/forms/VOE.pdf](https://www.tdlr.texas.gov/driver/forms/VOE.pdf).

Further information may be found on the Texas Department of Public Safety website: [https://www.dps.texas.gov/driverlicense/teendriver.htm](https://www.dps.texas.gov/driverlicense/teendriver.htm).

**Accountability under State and Federal Law (All Grade Levels)**

MISD and each of its campuses are held to certain standards of accountability under state and federal law. A key component of the accountability requirements is the dissemination and publication of certain reports and information, which include:

- The Texas Academic Performance Report (TAPR) for the district, compiled by TEA, the state agency that oversees public education, based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district compiled by TEA based on academic factors and ratings;
- The district’s financial management report, which will include the financial accountability rating assigned to the district by TEA; and
- Information compiled by TEA for the submission of a federal report card that is required by federal law.

This information can be found on the district’s website at [www.midwayisd.org](http://www.midwayisd.org). Hard copies of any reports are available upon request to the district’s administration office.

TEA also maintains additional accountability and accreditation information at [TEA Performance Reporting Division](https://www.tea.texas.edu/performancereporting) and the [TEA homepage](https://www.tea.texas.edu).

**Armed Services Vocational Aptitude Battery Test**

A student in grades 10–12 will be offered an opportunity to take the Armed Services Vocational Aptitude Battery test and consult with a military recruiter.

The test is tentatively set, awaiting approval, for February 19, 2021 at 8:30 a.m. at Midway High School.

Please contact the principal for information about this opportunity.
Awards and Honors (All Grade Levels)

Awards and honors vary for each campus in Midway ISD. Student excellence in many different endeavors is awarded and honored. For specific information, contact the campus office.

Bullying (All Grade Levels)

Bullying is defined in state law as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by state law as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an internet website, or any other internet-based communication tool.

The district is required to adopt policies and procedures regarding:

- Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
- Bullying that occurs on a publicly or privately-owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
- Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying interferes with a student’s educational opportunities or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism.

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related
misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying. A student may anonymously report an alleged incident of bullying by completing a 1) See Something, Say Something report at https://asp.schoolmessenger.com/midway/quicktip/; 2) report in the assistant principal or counselor’s office; or 3) MISD Bullying Report to email or hand-deliver to the assistant principal or counselor.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action and may notify law enforcement in certain circumstances. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student’s parent, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that the student be transferred to another classroom or campus within the district. [See Safety Transfers/Assignments on page 19.]

A copy of the district’s policy is available in the principal’s office, superintendent’s office, and on the district’s website, and is included at the end of this handbook in the form of an appendix. Procedures related to reporting allegations of bullying may also be found on the district’s website.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[See Safety Transfers/Assignments on page 19, Dating Violence, Discrimination, Harassment, and Retaliation on page 47, Hazing on page 72, policy FFI, the district’s Student Code of Conduct, and the district improvement plan, a copy of which can be viewed in the campus office.]

**Career and Technical Education (CTE) Programs (Secondary Grade Levels Only)**

The district offers career and technical education programs in the following areas: agricultural and veterinary science, business education, career preparation, family consumer science, health science, and pre-engineering. Admission to these programs is based on student choice.

It is the policy of the district not to discriminate on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

The district will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.
[See **Nondiscrimination Statement** on page 86 for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator, who will address certain allegations of discrimination.]

**Celebrations (All Grade Levels)**

Although a parent or grandparent is not prohibited from providing food for a school-designated function or for children in the child’s or grandchild’s classroom for his or her birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss this with the child’s teacher prior to bringing any food in this circumstance. Store-bought items, with ingredients listed are preferred, as these are more easily reviewed for possible food allergy reactions. **At the elementary level, only pre-packaged and individually wrapped birthday treats are allowed.** Occasionally, the school or a class may host certain functions or celebrations tied to the curriculum that will involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers for bringing food products.

[See **Food Allergies** on page 79.]

**Child Sexual Abuse and Other Maltreatment of Children (All Grade Levels)**

The district has established a plan for addressing child sexual abuse, sex trafficking, and other maltreatment of children, which may be accessed at [www.midwayisd.org](http://www.midwayisd.org).

**Warning Signs of Sexual Abuse**

Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child’s mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child.

Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, to report the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

A child who has been or is being sexually abused may exhibit physical, behavioral, or emotional warning signs, including:

- Difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches;
- Verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior; or
- Withdrawal, depression, sleeping and eating disorders, and problems in school.

Be aware that children and adolescents who have experienced dating violence may show similar physical, behavioral, and emotional warning signs. [See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 47.]
**Warning Signs of Sex Trafficking**

Child trafficking of any sort is prohibited by the Penal Code. Sex trafficking involves forcing a person, including a child, into sexual abuse, assault, indecency, prostitution, or pornography. Labor trafficking involves forcing a person, including a child, to engage in forced labor or services.

Traffickers are often trusted members of a child’s community, such as friends, romantic partners, family members, mentors, and coaches, although traffickers frequently make contact with victims online.

Possible warning signs of sexual trafficking in children include:

- Changes in school attendance, habits, friend groups, vocabulary, demeanor, and attitude;
- Sudden appearance of expensive items (for example, manicures, designer clothes, purses, technology);
- Tattoos or branding;
- Refillable gift cards;
- Frequent runaway episodes;
- Multiple phones or social media accounts;
- Provocative pictures posted online or stored on the phone;
- Unexplained injuries;
- Isolation from family, friends, and community; and
- Older boyfriends or girlfriends.

Additional warning signs of labor trafficking in children include:

- Being unpaid, paid very little, or paid only through tips;
- Being employed but not having a school-authorized work permit;
- Being employed and having a work permit but clearly working outside the permitted hours for students;
- Owing a large debt and being unable to pay it off;
- Not being allowed breaks at work or being subjected to excessively long work hours;
- Being overly concerned with pleasing an employer and/or deferring personal or educational decisions to a boss;
- Not being in control of his or her own money;
- Living with an employer or having an employer listed as a student’s caregiver; and
A desire to quit a job but not being allowed to do so.

**Reporting and Responding to Sexual Abuse, Sex Trafficking, and Other Maltreatment of Children**

Anyone who suspects that a child has been or may be abused, sex trafficked, or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

A child who has experienced sexual abuse, trafficking, or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse and sex trafficking may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

If your child is a victim of sexual abuse, sex trafficking, or other maltreatment, the school counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (DFPS) also manages early intervention counseling programs. [To find out what services may be available in your county, see Texas Department of Family and Protective Services, Programs Available in Your County.]

Reports of abuse, trafficking, or neglect may be made to:

The CPS division of the DFPS (1-800-252-5400 or on the web at Texas Abuse Hotline Website).

**Further Resources on Sexual Abuse, Sex Trafficking, and Other Maltreatment of Children**

The following websites might help you become more aware of child abuse and neglect, sexual abuse, sex trafficking, and other maltreatment of children:

- [Child Welfare Information Gateway Factsheet](#)
- [KidsHealth, For Parents, Child Abuse](#)
- [Texas Association Against Sexual Assault, Resources](#)
- [Office of the Texas Governor’s Child Sex Trafficking Team](#)
- [Human Trafficking of School-aged Children](#)
- [Child Sexual Abuse: A Parental Guide from the Texas Association Against Sexual Assault](#)
- [National Center of Safe Supportive Learning Environments: Child Labor Trafficking](#)

**Class Rank/Highest-Ranking Student (Secondary Grade Levels Only)**

The District shall include in the calculation of class rank semester grades earned in high school credit courses taken in grades 9–12 only, unless excluded below. The calculation shall include
failing grades. The calculation of class rank shall exclude grades earned in pass/fail courses; college classes; distance learning courses; off-campus physical education courses; or through credit by examination, with or without prior instruction. The District shall categorize and weight eligible courses as Level III, Level II, and Level I in accordance with provisions of this policy and as designated in the student handbook and other appropriate District publications.

Eligible Advanced Placement (AP) shall be categorized and weighted as Level III courses. Eligible Pre-AP courses and dual credit courses shall be categorized and weighted as Level II courses. All other eligible courses shall be categorized and weighted as Level I courses.

The District shall assign weights to semester grades and shall calculate a weighted numerical grade average in accordance with the following scale:

<table>
<thead>
<tr>
<th>Category</th>
<th>Weight</th>
</tr>
</thead>
<tbody>
<tr>
<td>Level III</td>
<td>multiplied by 1.15</td>
</tr>
<tr>
<td>Level II</td>
<td>multiplied by 1.10</td>
</tr>
<tr>
<td>Level I</td>
<td>multiplied by 1.00</td>
</tr>
</tbody>
</table>

The District shall record unweighted numerical grades on student transcripts.

When a student transfers grades for properly documented courses and the District has accepted the credit, the District shall assign weight to those grades based on the categories and grade weight system used by the District if similar or equivalent courses are offered to the same class of students in the District. For the purpose of determining honors to be conferred during graduation activities, the District shall calculate class rank at the end of the spring semester of the senior year (i.e., the end of the final school year).

Grades received in May for dual credit courses shall also be included in the calculation. For the purpose of applications to institutions of higher education, the District shall also calculate class rank as required by state law. The District’s eligibility criteria for local graduation honors shall apply only for local recognitions and shall not restrict class rank for the purpose of automatic admission under state law.

The valedictorian and salutatorian shall be the eligible students with the highest and second highest rank, respectively. To be eligible for such recognition, a student must:

1. Have been continuously enrolled in the District high school for the two semesters immediately preceding graduation; and
2. Have completed the Recommended Program, the Advanced/Distinguished Achievement Program, or the foundation program with the distinguished level of achievement.
The student meeting the local eligibility criteria for recognition as the valedictorian shall also be considered the highest-ranking graduate for purposes of receiving the honor graduate certificate from the state of Texas.
[For further information, see policy EIC.]

**Class Schedules (Secondary Grade Levels Only)**

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day’s schedule.

Intermediate Campuses
Students are required to take seven classes. Fifth and Sixth grade students are required to take the following courses:
1. Reading
2. Integrated Studies (Language Arts and Social Studies)
3. Math
4. Science
5. Physical Education

Students who are deemed in need of intervention may be enrolled in an acceleration class rather than one of the electives below. Fifth graders will take 3 six weeks of Art and 3 six weeks of Music. Sixth graders are offered the following elective courses:
1. Art
2. Choir
3. Band
4. Orchestra

Middle School Campus
Students are required to take eight classes. A student who does not meet minimum standards on STAAR English/Language Arts or Math will be assigned to a remediation class.

High School Campus
Students are required to take 8 classes. Student requests for schedule changes must be made through the counseling office during the first ten (10) days of the fall semester or the first five (5) days of the spring semester.

[See Schedule Changes on page 94 for information related to student requests to revise their course schedule.]

**College and University Admissions and Financial Aid (Secondary Grade Levels Only)**

For two school years following graduation, a district student who graduates as valedictorian, in the top ten percent of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:
Completes the distinguished level of achievement under the foundation graduation program (a student must graduate with at least one endorsement and must have taken Algebra II as one of the four required math courses); or

• Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university. The student is ultimately responsible for ensuring that he or she meets the admission requirements of the university or college to which the student submits an application.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University’s enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University during the summer or fall 2020 term and spring 2021 term, the University will admit the top six percent of the high school’s graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Upon enrolling in their first course that is eligible for high school credit, the district will provide written notice concerning automatic college admission, the curriculum requirements for financial aid, and the benefits of completing the requirements for automatic admission and financial aid. Parents and students will be asked to sign an acknowledgment that they received this information.

Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See Class Rank/Highest-Ranking Student on page 34 for information specifically related to how the district calculates a student’s rank in class, and requirements for Graduation on page 67 for information associated with the foundation graduation program.]

[See Students in the Conservatorship of the State (Foster Care) on page 20 for information on assistance in transitioning to higher education for students in foster care.]

**College Credit Courses (Secondary Grade Levels Only)**

Students in grades 9–12 have opportunities to earn college credit through the following methods:

• Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP), International Baccalaureate (IB), or college preparatory;

• Enrollment in an AP or dual credit course through the Texas Virtual School Network (TXVSN);
• Enrollment in courses taught in conjunction and in partnership with MCC and TSTC, which may be offered on or off campus;
• Enrollment in courses taught at other colleges or universities; and
• Certain CTE courses.

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student’s grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

Dual Credit Disability Services: In order to receive services from McLennan Community College Disability Services for Dual Credit Enrollment courses, students must follow the application process established for all McLennan Community College students. Students are responsible for providing McLennan Community College with all required documentation, and the documentation submitted will be reviewed by the McLennan Community College Disabilities Specialist to determine eligibility. The Midway High School Dual Credit Liaison will maintain documentation signed by students and parents indicating the student’s intent to apply for accommodations through McLennan Community College. Students who receive accommodations through the college will be contacted throughout each semester by college staff to ensure accommodations are being followed. Additionally, the MHS Dual Credit Liaison will touch base with students throughout each semester who indicated intent to apply for accommodations in order to ensure accommodations are being met. Parents and/or students need to notify the MHS Dual Credit Liaison with any concerns regarding the implementation of accommodations in dual credit courses.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student’s desired degree plan.

Communications—Automated

Emergency

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. An emergency purpose may include early dismissal or delayed opening because of severe weather or another emergency, or if the campus must restrict access due to a security threat. It is crucial to notify your child’s school when a phone number previously provided to the district has changed.

[See Safety on page 92 for information regarding contact with parents during an emergency situation.]

Nonemergency

Your child’s school will request that you provide contact information, such as your phone number and e-mail address, for the school to communicate items specific to your child, your
child’s school, or the district. If you consent to receive such information through a landline or wireless phone, please ensure that you notify the school’s administration office immediately upon a change in your phone number. The district or school may generate automated or pre-recorded messages, text messages, or real-time phone or e-mail communications that are closely related the school’s mission, so prompt notification of any change in contact information will be crucial to maintain timely communication with you. Standard messaging rates of your phone carrier may apply. If you have specific requests or needs related to how the district contacts you, please contact your child’s principal. [See Safety on page 92 for information regarding contact with parents during an emergency situation.]

Complaints and Concerns (All Grade Levels)

Usually student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the board has adopted a standard complaint policy at FNG(LOCAL) in the district’s policy manual. A copy of this policy and complaint forms may be obtained in the principal’s or superintendent’s office, or on the district’s website at http://pol.tasb.org/Home/Index/860.

For early resolution, always contact the appropriate personnel at the campus level.
• Classroom issues should first be addressed with the teacher followed by the designated assistant principal and/or principal.
• Behavior or discipline issues should first be addressed to the designated Assistant Principal followed by the principal.
• General issues should first be addressed to the principal.

Should a parent or student feel a need to file a formal complaint, the parent or student should file a district complaint form within the timelines established in policy FNG(LOCAL). In general, the student or parent should submit the written complaint form to the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

Conduct (All Grade Levels)

Applicability of School Rules

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus as well as on district vehicles—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.
**Campus Behavior Coordinator**

By law, each campus has campus behavior coordinators to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct. The campus behavior coordinators are listed on the district website on each campus page and are the principals and assistant principals at each campus. Call the campus office or email administrators by using this example: firstname.lastname@midwayisd.org.

**Deliveries**

Except in emergencies, delivery of messages or packages to students will not be allowed during instructional time. A parent may leave a message or a package, such as a forgotten lunch, for the student to pick up from the front office during a passing period or lunch.

*Due to the COVID-19 pandemic, campuses will not be accepting and distributing food items to students.*

**Demerits (Secondary Grade Levels Only)**

In grades 7-12, the Midway Independent School District utilizes a Demerit System for dealing with major offenses that are not designated as expellable offenses in TEC 37.007. Demerits are cumulative over the course of the school year. Additional penalties may occur in addition to the issuance of demerits. Upon the issuance of a demerit, parents will be notified of the infraction(s) with a phone call and/or in writing. The administrator will conference with the student about the misbehavior that occurred and the consequences if further demerits are earned. When students move into the district, the discipline status for the current school year will be reviewed and aligned with Midway ISD standards and parents will be notified of that status.

Accrual of demerits may result in the following disciplinary actions:

- **One Demerit**
  - Student Conference
- **Two Demerits**
  - Student Conference
  - Up to three days of in-school suspension (ISS)
- **Three Demerits**
  - Student conference
  - Up to five days in-school suspension (ISS)
- **Four Demerits**
  - Student conference
  - Up to three days out-of-school suspension and/or up to five days in ISS
- **Five Demerits**
DAEP Placement Conference with parent and student
Recommended DAEP placement.

- Six Demerits or More
  DAEP Placement Conference with parent and student
  Recommended DAEP placement.
  Additional demerits received while in DAEP may result in a student being recommended
  for expulsion.

**Middle School Dance Regarding Demerits** - Anyone receiving a demerit during the period
between dances will not be allowed to attend the dance. Anyone who has received three
demerits for the year will not be allowed to attend any of the remaining dances for that year.

**Removal of Demerits Through Community Service** – Community service at designated
locations may be used to remove one demerit during the school year. Community Service
information/packets can be obtained from the assistant principal’s office. A demerit received
for any of the following major offenses listed is not eligible for removal: drug/alcohol use or
possession; possession of weapons; possession of pyrotechnics; possession or use of tobacco
products; fighting; extortion, coercion or blackmail; or threats of physical violence. A middle
school student must complete 12 hours of community service in order to have a demerit
removed. A high school student must complete 24 hours of community service in order to have
a demerit removed. While working off a demerit, the student must serve the disciplinary
measures taken against the student (e.g. DAEP assignment, ISS, detentions).

**Disruptions of School Operations**
Disruptions of school operations are not tolerated and may constitute a misdemeanor offense.
As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district
  building without authorization from an administrator.

- Interference with an authorized activity by seizing control of all or part of a building.

- Use of force, violence, or threats in an attempt to prevent participation in an authorized
  assembly.

- Use of force, violence, or threats to cause disruption during an assembly.

- Interference with the movement of people at an exit or an entrance to district property.

- Use of force, violence, or threats in an attempt to prevent people from entering or leaving
  district property without authorization from an administrator.

- Disruption of classes or other school activities while on district property or on public
  property that is within 500 feet of district property. Class disruption includes making loud
  noises; trying to entice a student away from, or to prevent a student from attending, a
  required class or activity; and entering a classroom without authorization and disrupting the
  activity with loud or profane language or any misconduct.
Interference with the transportation of students in vehicles owned or operated by the district.

**Social Events**

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

Please contact the campus principal if you are interested in serving as a chaperone for any school social events.

**Counseling**

The district has a comprehensive school counseling program that includes:

- A guidance curriculum to help students develop their full educational potential, including the student's interests and career objectives;
- A responsive services component to intervene on behalf of any student whose immediate personal concerns or problems put the student's continued educational, career, personal, or social development at risk;
- An individual planning system to guide a student as the student plans, monitors, and manages the student's own educational, career, personal, and social development; and
- Systems to support the efforts of teachers, staff, parents, and other members of the community in promoting the educational, career, personal, and social development of students.

The district will make a preview of the program, including all materials and curriculum, available to parents to review during school hours.

**Academic Counseling**

**Elementary and Middle School Grade Levels**

The school counselor is available to students and parents to talk about the importance of postsecondary education and how best to plan for postsecondary education, including appropriate courses to consider and financial aid availability and requirements.

In grade 8, each student will receive instruction related to how the student can best prepare for high school, college, and a career.

**High School Grade Levels**

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each year, high school students will be provided information on anticipated course offerings for the next school year and other information that will help them
make the most of academic and CTE opportunities, as well as information on the importance of postsecondary education.

The school counselor can also provide information about entrance examinations and application deadlines, as well as information about automatic admission, financial aid, housing, and scholarships as these relate to state colleges and universities. Additionally, the school counselor can provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

**Personal Counseling (All Grade Levels)**

The school counselor is available to assist students with a wide range of personal concerns, including areas such as social, family, emotional or mental health issues, or substance abuse. A student who wishes to meet with the school counselor should make an appointment with the counseling office. As a parent, if you are concerned about your child’s mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

If your child has experienced trauma, contact the school counselor for more information.

[See Substance Abuse Prevention and Intervention, Suicide Awareness and Mental Health Support and Child Sexual Abuse and Other Maltreatment of Children and Dating Violence for more information.]

**Course Credit (Secondary Grade Levels Only)**

A student in grades 9–12, or in a lower grade when a student is enrolled in a high school credit-bearing course, will earn credit for a course only if the final grade is 70 or above. Credit will be awarded each semester for a course if the final grade is 70 or above for that semester.

**Credit by Examination—If a Student Has Taken the Course/Subject (All Grade Levels)**

A student who has previously taken a course or subject—but did not receive credit or a final grade for it—may, in circumstances determined by the principal or attendance committee, be permitted to earn credit or a final grade by passing an examination approved by the district’s board of trustees on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to take an examination to earn credit for a course or to be awarded a final grade in a subject after the student has had prior instruction is sometimes referred to as “credit recovery.”

If the student is granted approval to take an examination for this purpose, the student must score at least 70 on the examination to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an examination.

[For further information, see the school counselor and policy EHDB(LOCAL).]
Credit by Examination for Advancement/Acceleration—If a Student Has Not Taken the Course/Subject

A student will be permitted to take an examination to earn credit for an academic course or subject area for which the student has had no prior instruction, i.e., for advancement or to accelerate to the next grade level. The examinations offered by the district are approved by the district’s board of trustees, and state law requires the use of certain examinations, such as College Board Advanced Placement (AP) and College Level Examination Program (CLEP) tests, when applicable. The dates on which examinations are scheduled during the 2020-2021 school year will be published in appropriate district publications and on the district’s website. The only exceptions to the published dates will be for any examinations administered by another entity besides the district or if a request is made outside of these time frames by a student experiencing homelessness or by a student involved in the foster care system. When another entity administers an examination, a student and the district must comply with the testing schedule of the other entity. During each testing window provided by the district, a student may attempt a specific examination only once.

If a student plans to take an examination, the student (or parent) should contact the assessment office at Midway High School at 761-5650 ext. 2046.

[For further information, see policy EHDC.]

Kindergarten Acceleration

In accordance with State Board rules, the Board shall approve procedures developed by the Superintendent or designee to allow a child who is five years old at the beginning of the school year to be assigned initially to grade 1 rather than kindergarten. Criteria for acceleration may include:
1. Scores on readiness tests or achievement tests that may be administered by appropriate District personnel.
2. Recommendation of the kindergarten or preschool the student has attended.
3. Chronological age and observed social and emotional development of the student.
4. Other criteria deemed appropriate by the principal and Superintendent.

Students in Grades 1–5

A student in elementary school will be eligible to accelerate to the next grade level if the student scores at least 80 on each examination in the subject areas of language arts, mathematics, science, and social studies, a district administrator recommends that the student be accelerated, and the student’s parent gives written approval of the grade advancement.

Students in Grades 6–12

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the examination, a scaled score of 50 or higher on an examination administered through the CLEP, or a score of 3 or higher on an AP examination, as applicable. A student may take an examination to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which
the student would need to enroll in the course according to the school’s high school course sequence, the student must complete the course.

**Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)**

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person’s race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law. A copy of the district’s policy is available in the principal’s office and in the superintendent’s office. [See policy FFH.]

**Dating Violence**

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults; name-calling; put-downs; threats to hurt the student, the student’s family members, or members of the student’s household; destroying property belonging to the student; threats to commit suicide or homicide if the student ends the relationship; threats to harm a student’s current dating partner; attempts to isolate the student from friends and family; stalking; or encouraging others to engage in these behaviors.

**Discrimination**

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law that negatively affects the student.

**Harassment**

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.
Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person’s religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

In addition to dating violence as described above, two other types of prohibited harassment are described below.

**Sexual Harassment and Gender-Based Harassment**

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child’s hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student’s gender, expression by the student of stereotypical characteristics associated with the student’s gender, or the student’s failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

**Retaliation**

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

**Reporting Procedures**

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school
counselor, principal, or other district employee. The report may be made by the student’s parent. [See policy FFH(LOCAL) and (EXHIBIT) for other appropriate district officials to whom to make a report.]

Upon receiving a report of prohibited conduct as defined by policy FFH, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by that policy. If not, the district will refer to policy FFI to determine if the allegations, if proven, would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, an investigation of bullying will also be conducted.

The district will promptly notify the parent of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parent of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

Investigation of Report

Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated. To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume the investigation at the conclusion of the agency’s investigation.

During the course of an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district’s investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

Discrimination

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 47.]

Distance Learning

All Grade Levels

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and
alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the Texas Virtual School Network (TXVSN), as described below, to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery.

**Texas Virtual School Network (TXVSN) (Secondary Grade Levels)**

The Texas Virtual School Network (TXVSN) has been established by the state as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TXVSN to earn course credit for graduation.

Depending on the TXVSN course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [See Extracurricular Activities, Clubs, and Organizations on page 60.]

In addition, for a student who enrolls in a TXVSN course for which an end-of-course (EOC) assessment is required, the student must still take the corresponding EOC assessment.

If you have questions or wish to make a request that your child be enrolled in a TXVSN course, please contact the school counselor. Unless an exception is made by the principal, a student will not be allowed to enroll in a TXVSN course if the school offers the same or a similar course.

A copy of policy EHDE will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the campus principal.

**Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)**

**School Materials**

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

The school newspaper, Panther Post, and the yearbook are available to students.

All school publications are under the supervision of a teacher, sponsor, and the principal.

**Nonschool Materials**

**From Students**

Students must obtain prior approval from the principal before selling, posting, circulating, or distributing more than 10 copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.
The principal has designated “Make Available Area” as the location for approved nonschool materials to be placed for voluntary viewing or collection by students. [See policy FNAA.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes nonschool material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

[See FNG(LOCAL) for student complaint procedures.]

From Others

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the superintendent for prior review. The superintendent will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA or GF.]

The principal has designated the “Make Available Area” as the location for approved non-school materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

Dress and Grooming (All Grade Levels)

The District’s dress code is established to teach grooming and hygiene, prevent disruption, minimize safety hazards, prepare students for the workforce, and teach respect for the educational environment. School is a place of business, not a social club. Therefore, the dress and grooming of a student should reflect the serious intent of one who is going to work with an important job to do. Accordingly, dress and grooming standards should promote a businesslike atmosphere that is comfortable, but not too casual, free from disruption, easily enforced by teachers and administrators so as not to take away from instruction, and easily self-monitored so that students and parents can ensure that the standards are met prior to the student coming
to school. The District prohibits any clothing or grooming that in the principal’s judgment may reasonably be expected to cause disruption of or interference with normal school operations. Students and parents may determine a student’s personal dress and grooming standards, provided that they comply with the following:

- Clothing should be worn for the purpose for which it was designed. Pajamas and sleepwear are not allowed.
- Articles of clothing with suggestive writing or pictures, or inappropriate advertising, slogans, or symbols are prohibited.
- Students will not wear or have in their possession items that are inappropriate for school.
- Any clothing which may relate to gang symbols is prohibited.
- Shoes must be worn at all times. House shoes, cleated shoes, or any shoes that mark or damage floor coverings, are not allowed.
- Caps, hats, visors, head coverings, and sunglasses are not to be worn inside school buildings.
- Hemlines on all dresses, skirts, and shorts must not be shorter than mid-thigh length (typically no shorter than 7” inseam).
- Pants may not have holes above mid-thigh length. No sagging pants are allowed.
- Tights, leggings, or spandex may only be worn with a shirt, skirt, dress, or shorts that cover both the front and the back (no sheer panels; no skin may show through).
- Jackets or coats must not be longer than mid-thigh length.
- Tank tops (less than two inches wide on the shoulder strap), halters, midriff tops, tube tops are not allowed. Open knit or unlined fishnet jerseys are not allowed unless they are worn over a T-shirt or blouse, or completely covered with a jacket. Shirts with sleeves cut out are not allowed.
- Excessively tight or baggy clothing are not allowed. All undergarments must be covered.
- Students’ hair must be clean, neat, and well-groomed. Hairstyles must not obstruct the student’s vision or a view of the student’s face. Unnatural colors are not allowed.
- Piercing for the ear(s) and a single stud in the nose are allowed. Any other visible body piercings, including gauges, are not allowed.
- Visible tattoos or fake tattoos are not allowed. Tattoos or fake tattoos must be covered while attending school.
- No blankets may be brought to school and worn around the student’s body.

SECONDARY-SPECIFIC GUIDELINES

- Girls must wear bras.
- Tops which reveal cleavage or midriff are not allowed.
- Facial hair should be neat, clean, and closely trimmed.

If a campus administrator determines that a student’s grooming or clothing violates the District’s dress code, the student will be given an opportunity to correct the problem at school. If not corrected, the student may be assigned to in-school suspension for the remainder of the
day, until the problem is corrected, or until a parent or designee brings an acceptable change of clothing to the school. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

The Board of Trustees delegates to the campus principal the authority to make final determinations as to whether clothing or grooming is or is not within this Code. The ruling of the campus principal regarding compliance/noncompliance with this Code and corresponding consequences assigned for violation for the Code is final and may not be appealed to the Superintendent, his/her designee, or the Board.

**Electronic Devices and Technology Resources (All Grade Levels)**

*Possession and Use of Personal Telecommunications Devices, Including Cell Phones, and Other Electronic Devices*

The district permits students to possess personal cell phones for safety purposes; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for approved instructional purposes. A student must have approval to possess other telecommunications devices such as laptops, tablets, or other portable computers. Phones and other electronic devices should be put away or stored in a location designated by the teacher or campus administrators during all classes.

The use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated. The parent may pick up the confiscated telecommunications device from the principal’s office for a fee of $15. On the second offense, the device will be held for 5 days before the confiscated device can be picked up by the parent for a fee of $15. On the third offense, the device will be held for 10 days before the confiscated device can be picked up by the parent for a fee of $15. On the fourth and subsequent offenses, the device will be held for 30 days before the confiscated device can be picked up by the parent for a fee of $15.

Confiscated telecommunications devices that are not retrieved by the student or the student’s parent will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student’s personal telecommunications device may be searched by authorized personnel. [See Searches on page 98 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for damaged, lost, or stolen telecommunications devices.

*Possession and Use of Other Personal Electronic Devices*

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such
permission, teachers will collect the items and turn them in to the principal’s office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student’s personal electronic device may be searched by authorized personnel. [See Searches on page 98 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.

**Instructional Use of Personal Telecommunications and Other Electronic Devices**

Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). Parents acknowledge understanding of these policies in the online enrollment process. When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day when not in use for approved instructional purposes. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

**Acceptable Use of District Technology Resources**

To prepare students for an increasingly technological society, the district has made an investment in the use of district-owned technology resources for instructional purposes; specific resources may be issued individually to students. Use of these technological resources, which include the district’s network systems and use of district equipment, is restricted to approved purposes only. Parents will verify their understanding of this user agreement in the online enrollment process. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

**Student Responsible Use Agreement**

**District**

With this educational opportunity comes responsibility. It is important that you and your parent read the Student Responsible Use Agreement, ask questions if you need help understanding them, and sign the form. Inappropriate use of the District’s technology resources may result in revocation or suspension of the privilege to use these resources, as well as other disciplinary or legal action, in accordance with the Student Code of Conduct and applicable laws.

Midway ISD provides computer, network, e-mail, and Internet access to individuals as part of the learning environment. The use of these resources is a privilege and not a right. While these systems have the power to deliver a vast number of resources to classrooms and enhance education, their effectiveness depends on the responsible and ethical use by every individual.

**Policies**

Users of the Midway ISD network are required to adhere to state and federal law as well as board policy. The following Student Responsible Use Agreement is based on district policy and regulations. For more information, refer to the following laws and Midway ISD documents.
- Federal and state mandates including the Family Education Rights and Privacy Act (FERPA), the Children’s Internet Protection Act (CIPA), the Children’s Online Privacy Protection Act (COPPA), the Individuals with Disabilities Act (IDEA), and the Health Insurance Portability and Accountability Act (HIPAA)
- Student Code of Conduct, Student Device Agreement
- Board Policy CQ (Technology Resources)
- Board Policy FNCE (Personal Telecommunications/Electronic Devices)
- Board Policy FFH (Freedom From Discrimination, Harassment, and Retaliation)
- Board Policy FFI (Freedom From Bullying)
- Other Associated Board Policies

If a violation of any of the policies, including this Student Responsible Use Agreement occurs, you must immediately report to a supervising teacher or district technology representative any known violation of the policies and guidelines. You must also report any requests for personally identifiable information (name, address, phone number, age, sex, race, etc.) or contact from unknown individuals, as well as any content or communication that is abusive, obscene, pornographic, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal.

Access
You are being given access to the following technology resources:

- A district email account, including access to cloud-based (online) document storage and collaboration space
- District computer hardware, software, and printers on your school campus
- District networks, including file storage space
- Access to District-owned technology resources for use at home
- District-filtered Internet access, wired and wireless

The District permits use of personal telecommunications or other electronic devices by students for instructional purposes while on campus only as authorized by your teacher. When using the device for instructional purposes while on campus, you must join the District Wi-Fi network and are prohibited from using personal wireless service. When not using the device for instructional purposes while on campus, you must follow the rules and guidelines for non-instructional use as published in the student handbook.

Safety and Security
Midway ISD is committed to creating a safe and secure digital environment for you.

Please note that it is possible you may run across areas of adult content and some material you (or your parent) might find objectionable. While Midway ISD will use filtering technology to restrict access to such material, it is not possible to absolutely prevent such access. It will be your responsibility to follow the rules for responsible use. Parents and students should contact the school with concerns when objectionable content has been discovered.
Also know that all contents of email and online communications accessed through Midway ISD technology resources are the property of the District. Students should have no expectation of privacy on any information stored on Midway ISD’s network, accessed from Midway ISD’s network, or used within Midway ISD’s network. Appropriate district and school officials may monitor a technology device or access its contents at any time in accordance with this agreement and applicable law.

Student Responsible Use Pledge

1. **I AM RESPONSIBLE FOR HOW I TREAT OTHER PEOPLE.** I will use email, social media, and other means of communications responsibly. I will not send or post hateful or harassing email, make discriminatory or derogatory remarks about others, or engage in bullying, harassment, or other antisocial behaviors while in school or out of school, whether on a school issued or personal device.

2. **I AM RESPONSIBLE FOR USING SCHOOL-ISSUED TECHNOLOGY DEVICES PRIMARILY FOR EDUCATIONAL PURPOSES.** I understand that Internet, bandwidth, and email usage at school should be related to school assignments during class time. I understand that websites, content, and media should be properly cited with respect to copyright. I will also report any suspicious behavior or other misuse of technology to my teacher or other campus administrator.

3. **I AM RESPONSIBLE FOR USING MY PERSONAL DEVICE ACCORDING TO DISTRICT GUIDELINES AND IN AN ETHICAL MANNER.** I understand that personal devices must remain turned off during all testing and cannot be used in the classroom unless they are approved by the teacher for instructional purposes.

4. **I AM RESPONSIBLE FOR MAINTAINING MY DISTRICT ISSUED DEVICES AND ACCOUNTS.** I understand that I will be provided network and email accounts and that I must not share this information with anyone. I will only use my school email address for teacher directed accounts. I will not allow others to use my account name and password. I will also not download or sign up for any online resource or application without prior approval from my teacher or other District administrator.

5. **I AM RESPONSIBLE FOR MY PERSONAL INFORMATION.** I understand I must always keep my personal information and the personal information of others private. I know this includes names, ID numbers, addresses, photographs, or any other personally identifiable or private information.

Inappropriate and Irresponsible Use

The following are examples of inappropriate and irresponsible use of technology resources.

1. Searching, sending, possessing, or posting electronic messages, videos, audio recordings, or images that are abusive, obscene, sexually oriented, harassing, threatening, intimidating, illegal, or that cause a material or substantial disruption at school, including cyberbullying
2. Using any device or technology to copy or capture an image or the content of any District materials (such as tests or exams) without permission of a teacher or administrator
3. Making, participating in the making of, transmitting to another via an electronic device, or posting to the Internet a digital, video, or audio recording or image of an actual or simulated act that involves a crime or conduct prohibited by the Student Code of Conduct
4. Using any device or technology to record the voice or image of another in any way that disrupts the educational environment, invades the privacy of others, or without the prior consent of the individual being recorded
5. Using any device or technology to record the voice or image of another to take, disseminate, transfer, circulate, exhibit, present, or share audio, images, video, or photos that reveal private parts of the body that are normally covered by clothing (aka sexting)
6. Using the name, persona, or image of a student, District employee, or volunteer to create a web page or post one or more messages on a website without the other person’s consent for purposes of harassing, intimidating, embarrassing, or threatening another
7. Using email, websites, or electronic devices to engage in or encourage illegal conduct, violations of the Student Code of Conduct, or to threaten school safety
8. Attempting to or successfully accessing or circumventing content filters, passwords or other security-related information of the District, officials, volunteers, employees, or other students by any means
9. Attempting to or successfully altering, destroying, interrupting, intercepting, or disabling District technology equipment, District data, the data of other users of the District’s computer system, or other networks connected to the District’s system, including uploading or creating computer viruses, worms, or other harmful material
10. Copying, downloading, reproducing, distributing, retransmitting, redisplaying, or modifying items from the District’s website
11. Using someone else’s network, email, or any other digital service’s account information
12. Storing non-educational files on school provided resources

Consequences
One or more of the following consequences may be imposed:
- Suspension of access to the system
- Revocation of the network or online account(s)
- Removal of device access
- Other action, including disciplinary action, in accordance with Board policy and/or the Student Code of Conduct (as applicable)

NOTE: Students will not be disciplined for technological misconduct related to possessing items described above so long as the student (1) did not contribute to creation of the item in any way, (2) possessed it only after receiving the item unsolicited from another, (3) either promptly destroyed the item or reported it to a school employee as soon as possible, and (4) did not
provide a copy, forward, or re-post the item to anyone other than law enforcement, a school employee, or the student’s parent/guardian.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as “sexting,” will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement.

Digital Citizenship
Technology allows unlimited resources to enhance our education with vast collaborative partnerships. Learning to be a good digital citizen allows us to utilize technology in safe, responsible, and productive ways. Below are specific topics Midway ISD will address with you the student, to develop trustworthy digital citizens.

Relationships/Communication
- Social Media
- Email
- Commenting & Responsibility

Self-Image and Identity
- Over-sharing
- Digital Footprint
- “Sexting”
- Self-worth - be your authentic self

Cyberbullying
- Awareness
- Prevention and Intervention
- Reporting

Information Literacy
- Plagiarism
- Copyright
- Reliable sources

Safety, Privacy, & Security
- Sharing Personal Information
- Mutual Consent Before Sharing or Posting
- Awareness of Online Exploitation
Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as “sexting,” will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. This type of behavior may constitute bullying or harassment, as well as possibly impede future endeavors of a student. We encourage parents to review with their child ‘Before You Text’ Sexting Prevention Course, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district’s computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

End-of-Course (EOC) Assessments

[See Graduation on page 67 and Standardized Testing on page 100.]

English Learners (All Grade Levels)

A student who is an English learner is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student’s parent must consent to any services recommended by the LPAC for an English learner. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

To determine a student’s level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs that the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student’s continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned at Standardized Testing on page 100, may be administered to an English learner for a student up to grade 5. In limited circumstances, a student’s LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I
end-of-course (EOC) assessment. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to English learners who qualify for services.

If a student is considered an English learner and receives special education services because of a qualifying disability, the student’s ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

**Extracurricular Activities, Clubs, and Organizations (All Grade Levels)**

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation provided by the district to and from the events. Exceptions to this may only be made with the approval of the activity’s coach or sponsor. [See Transportation on page 103.]

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students involved in UIL athletic activities and their parents can access the UIL Parent Information Manual at [UIL Parent Information Manual]; a hard copy can be provided by the coach or sponsor of the activity on request. To report a complaint of alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or curriculum@tea.texas.gov.

[See UIL Texas for additional information on all UIL-governed activities.]

Student safety in extracurricular activities is a priority of the district. The equipment used in football is no exception. As a parent, you are entitled to review the district’s records regarding the age of each football helmet used by the campus, including when a helmet has been reconditioned.

Generally, a student who receives at the end of a grading period a grade below 70 in any academic class may not participate in extracurricular activities for at least three school weeks.

However, if a student receives a grade below 70 at the end of a grading period in an Advanced Placement (AP) or International Baccalaureate (IB) course; or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or languages other than English, the student remains eligible for participation in all extracurricular activities.

If a student is enrolled in a state-approved course music course that participates in UIL Concert and Sightreading Evaluation, and the student receives a grade below 70 at the end of a grading period, the student may, at the discretion of the director, perform with the ensemble during
the UIL evaluation performance, but is ineligible for other extracurricular activities for at least three weeks.

In addition, the following provisions apply to all extracurricular activities:

- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse but may not participate in any competitive activity.
- A student is allowed in a school year up to 15 absences for extracurricular activities. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.
- An absence for participation in an activity that has not been approved will receive an unexcused absence.

### Standards of Behavior

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization’s standards of behavior.

Extracurricular Behavior Management Plan (EBMP): Midway Independent School District recognizes that participation in extracurricular activities is a privilege, not a right. Students participating in extracurricular events represent the school district and the community at all times. The students are role models; therefore, they are held to a high standard of conduct. All students scheduled to be on a team or in an organization or any student currently a member of a school recognized extracurricular program (U.I.L., clubs, student organizations) shall be governed by the EBMP. It is important to note that because the plan specifically includes conduct that occurs away from school and away from school functions, activities, or events, the plan literally applies 24 hours a day, 7 days a week, and 365 days a year for all MISD students participating or scheduled to participate in these activities.

### Offices and Elections

Certain clubs, organizations, and performing groups will hold elections for student officers. Student council and class officers will be elected positions. The exact date for elections will be determined by the principal. To be eligible for election/selection, a student must have passed all course at the end of the previous semester and be eligible according to TEC 33.081 – 33.083 standards for participation in extracurricular activities. Students assume their new position immediately upon their election/selection and will be required to participate in scheduled activities during the remainder of the school year.
Fees (All Grade Levels)

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations
- Admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student health and accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See Buses and Other School Vehicles on page 104.]
- A fee not to exceed $50 for costs of providing an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a course taken through the Texas Virtual School Network (TXVSN).
- Fees for damage to district-provided iPads, iPad keyboards, screens, and cases.

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the principal. [For further information, see policy FP.]
Fundraising (All Grade Levels)
Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes in accordance with administrative regulations. [For further information, see policies FJ and GE.]

Gang-Free Zones (All Grade Levels)
Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

Gender-Based Harassment
[See Dating Violence, Discrimination, Harassment, and Retaliation on page 47.]

Grade-Level Classification (Grades 9–12 Only)
After the ninth grade, students are classified according to the number of credits earned toward graduation.

<table>
<thead>
<tr>
<th>Credits Earned</th>
<th>Classification</th>
</tr>
</thead>
<tbody>
<tr>
<td>5</td>
<td>Grade 10 (Sophomore)</td>
</tr>
<tr>
<td>10</td>
<td>Grade 11 (Junior)</td>
</tr>
<tr>
<td>15</td>
<td>Grade 12 (Senior)</td>
</tr>
</tbody>
</table>

Grading Guidelines (All Grade Levels)
Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish the minimum number of assignments, projects, and examinations required for each grading period. In addition, these guidelines establish how the student’s mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.). Grading guidelines also outline in what circumstances a student will be allowed to redo an assignment or retake an examination for which the student originally made a failing grade. Procedures for a student to follow after an absence will also be addressed.

New students who have been in attendance for less than two-thirds of the grading period will receive: A combination of the sending school’s grade, if available, and the grade based upon classroom performance at Midway; or The Midway grade exclusively if all work, including any makeup work required by the teacher, is completed satisfactorily.
[See Report Cards/Progress Reports and Conferences on page 91 for additional information on grading guidelines.]

**Elementary Guidelines**

**Kindergarten, 1st, and 2nd grade** students will receive a standards-based report card at the end of each six week grading period. **3rd – 4th grade** students will receive report cards with numeric grades in the areas of reading, language arts, math, science and social studies. Students will receive letter grades of S, N, or U in the areas of music and physical education.

- **S** = 79.5 to 100
- **N** = 69.5 to 79.4
- **U** = Below 69.4

All numeric grades will be recorded in one of two categories:

- **Application of Learning** - Accounts for 60% of the overall subject area grade in ELA, Reading, and Math/
- **Accounts for 80% of Social Studies and Science**

- **Evaluation of Learning** - Accounts for 40% of the overall subject area grade in ELA, Reading, and Math/
- **Accounts for 20% of Social Studies and Science**

**Re-Teaching** - It is expected that MISD teachers will re-teach material when students do not demonstrate mastery of academic content. This may occur individually or in a group setting depending on the number of students needing re-teaching. This re-teaching may take place before school, during school, or after school.

**Opportunities to Re-Do Assignments** - When a student receives a grade below 70, the following guidelines exist for his/her opportunity to re-do the assignment:

- **Application Category** – Students may receive an opportunity to redo an assignment in which they receive a grade below 70 in the application category. Campus-level guidelines will be developed to ensure consistent practice with respect to whether or not students are allowed to re-do assignments in the application category.

- **Evaluation Category** - The student may receive an opportunity to be re-evaluated on any grade below 70% in the evaluation category if the student has received re-teaching of the evaluated content.

**Late Work** - When students do not turn in assignments on the due date, they will have the opportunity to turn them in as late work. Late work will be accepted for a maximum of 3 days after the due date. A grade reduction of 5 points per day may be assessed due to the assignment being turned in late.

*Additional campus-level guidelines may be developed to ensure consistent practice with respect to when students have not turned in work 3 days after the original due date.*
Secondary Guidelines

All numeric grades will be recorded in one of three categories:

Practice toward Learning – Accounts for 30% of the overall subject area grade, with a minimum of 3 grades (MHS Honors courses 25%).

Application of Learning - Accounts for 30% of the overall subject area grade, with a minimum of 3 grades (MHS Honors courses 25%).

Evaluation of Learning - Accounts for 40% of the overall subject area grade, with a minimum of 2 grades (MHS Honors courses 50%).

The weights associated with each category in MHS Advanced Placement courses may vary due to individual course characteristics in accordance with the expectations of the College Board.

Calculation of Semester and Yearly Averages - The calculation of semester averages will be completed using the following procedures:

Midway High School:

Numeric grades are used for the calculation of grade point averages, class rank and transcript grades. When communication of a letter grade is required either within MISD or with an external agency, the following grading scale will be used:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>A</th>
<th>B</th>
<th>C</th>
<th>F</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grade Range</td>
<td>90 – 100</td>
<td>80 – 89</td>
<td>70 – 79</td>
<td>0 – 69</td>
</tr>
</tbody>
</table>

**Midway High School:** The final examination will count no more than one-seventh of the total grade. For grade averaging, the following formula will be used.

\[
\text{Semester Grade Average} = \left( \frac{S_1 + S_2 + S_3}{7} \right) \times 2 + E
\]

- \(S_1\) = First Six Weeks’ Grade
- \(S_2\) = Second Six Weeks’ Grade
- \(S_3\) = Third Six Weeks’ Grade
- \(E\) = Final Semester Examination Grade

**Middle School:** The final examination will count no more than one-seventh of the total grade. For grade averaging, the following formula will be used.

\[
\text{Semester Grade Average} = \left( \frac{S_1 + S_2 + S_3}{7} \right) \times 2 + E
\]

- \(S_1\) = First Six Weeks’ Grade
- \(S_2\) = Second Six Weeks’ Grade
$S_3 =$ Third Six Weeks’ Grade  
$E =$ Final Semester Examination Grade

**River Valley and Woodgate Intermediate Schools:** Students do not take final examinations. For grade averaging, the following formulas will be used:

First Semester Grade Average = \( \frac{(S_1 + S_2 + S_3)}{3} \)

Second Semester Grade Average = \( \frac{(S_4 + S_5 + S_6)}{3} \)

Yearly Grade Average = \( \frac{\text{Semester}_1 + \text{Semester}_2}{2} \)

$S_1 =$ First Six Weeks’ Grade  
$S_2 =$ Second Six Weeks’ Grade  
$S_3 =$ Third Six Weeks’ Grade  
$S_4 =$ Fourth Six Weeks’ Grade  
$S_5 =$ Fifth Six Weeks’ Grade  
$S_6 =$ Sixth Six Weeks’ Grade

**Opportunities to Re-Do Assignments** – When a student receives a grade below 70, the following guidelines exist for his/her opportunity to re-do the assignment:

Practice and Application Categories – It is not required that students be allowed to re-do assignments for which they receive a grade below 70 in either the practice or application category. Campus-level guidelines will be developed to ensure consistent practice with respect to whether or not students are allowed to redo assignments in these categories.

Evaluation Category - A student will receive an opportunity to be re-evaluated when he/she receives a grade below 70% in the evaluation category (excluding evaluation grades received on projects/assignments that extend over a period of 5 days). In order for re-evaluation to occur, the student will participate in the re-teaching process as determined by the teacher. The re-evaluation score will replace the original score with a maximum grade of 70%. The re-evaluation process must take place within 5 school days of receiving the initial grade below 70.

**Late Work / Zeros**

**MHS:** The teacher is not required to accept late work more than one day after the due date. Students enrolled in Advanced Placement (AP) courses have the opportunity to obtain college credit upon successful completion of the AP exam. For this reason, teachers may alter re-teaching, re-doing assignments, and late work guidelines in AP courses with the approval of the principal.

**MMS:** The teacher is not required to accept late work more than two days after the due date.

**Intermediates:** The teacher is not required to accept late work more than three days after the due date.

Late work may receive a deduction of up to 30 points when received after the due date (not to exceed a total deduction of 30 points). Assignments not graded on a 100-point scale may be reduced up to 30% when received after the due date.
EXEMPTION POLICY

Students must be present on the exam day(s) for the duration of the exam period(s) for which the exemption is received. If the student failed to attend, the exemption will be voided and they will be required to take the exam on a date arranged through the administration.

MIDWAY HIGH SCHOOL

For ALL exemptions, (both semester for grades 9-12), the following criteria must be met:

- Students have no discipline infractions which lead to DAEP or higher consequences
- Student owes no fines or fees at the time of finals
- Textbooks for the course exemptions requested must be turned in/paid for at the time of the request (including iPad)
- Minimum final grade of 80, with each class independent of one another
- 9th grade students may exempt one exam; 10th grade students may exempt two exams; 11th grade students may exempt three exams; 12th grade students may exempt all exams

MIDWAY MIDDLE SCHOOL (Spring only)

- Exemptions will apply to core classes only (math, science, English, history).
- Students must have no discipline infractions which lead to DAEP or higher consequences
- Student owes no fines or fees at the time of finals
- Textbooks for the course exemptions requested must be turned in/paid for at the time of the request (including iPad)
- Minimum final grade of 80, with each class independent of one another
- In a STAAR tested class, student must have passed the STAAR test for those which the results have been received prior to the semester exams.

Graduation (Secondary Grade Levels Only)

Requirements for a Diploma

A student must meet the following requirements to receive a high school diploma from the district:

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state;
- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law; and
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education (SBOE).

Testing Requirements for Graduation

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and U.S. History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also
provide for certain scores on norm-referenced national standardized assessments or on the state-developed assessment used for entrance into Texas public universities to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment, should a student choose this option. Students must take an EOC assessment at least once before opting to use a substitute assessment. [See the school counselor for more information on the state testing requirements for graduation.]

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not met. This may require participation of the student before or after normal school hours or at times of the year outside normal school operations.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate.

[See Standardized Testing on page 100 for more information.]

Foundation Graduation Program

Every student in a Texas public school will graduate under the foundation graduation program. Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (STEM); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits. A Personal Graduation Plan will be completed for each high school student, as described on page 70.

State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to the school counselor for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.

Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgments” that will be acknowledged on a student’s transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy, in a dual credit course, on an AP or IB examination, on certain national college preparatory and readiness or college entrance examinations, or for earning a state recognized or nationally or internationally recognized license or certificate. The criteria for earning these performance acknowledgments are prescribed by state rules, and the school counselor can provide more information about these acknowledgments.
A student is not required to complete an Algebra II course to graduate under the foundation graduation program, and the district will annually notify a student’s parent of this fact. However, the student and parent should be aware that not taking Algebra II will make a student ineligible for automatic admission to four-year public universities and colleges in Texas and for certain financial aid and grants while attending those institutions.

A school district will permit a student to satisfy the curriculum requirements for graduation under the foundation program with the distinguished level of achievement, including an endorsement, by successfully completing courses in the core curriculum of a public Texas institution of higher education. Please see your counselor for more information.

**Credits Required**

The foundation graduation program requires completion of the following credits:

<table>
<thead>
<tr>
<th>Course Area</th>
<th>Number of Credits: Foundation Graduation Program</th>
<th>Number of Credits: Foundation Graduation Program with an Endorsement</th>
</tr>
</thead>
<tbody>
<tr>
<td>English/Language arts</td>
<td>4</td>
<td>4</td>
</tr>
<tr>
<td>Mathematics</td>
<td>3</td>
<td>4</td>
</tr>
<tr>
<td>Science</td>
<td>3</td>
<td>4</td>
</tr>
<tr>
<td>Social studies, including Economics</td>
<td>3</td>
<td>3</td>
</tr>
<tr>
<td>Physical education</td>
<td>1</td>
<td>1</td>
</tr>
<tr>
<td>Language other than English</td>
<td>2</td>
<td>2</td>
</tr>
<tr>
<td>Fine Arts</td>
<td>1</td>
<td>1</td>
</tr>
<tr>
<td>Locally required courses</td>
<td>1 CTE credit</td>
<td>1 CTE credit</td>
</tr>
<tr>
<td></td>
<td>.5 Speech</td>
<td>.5 Speech</td>
</tr>
<tr>
<td></td>
<td>.5 Health/Wellness</td>
<td>.5 Health/Wellness</td>
</tr>
<tr>
<td>Electives</td>
<td>5</td>
<td>7</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>24 credits</strong></td>
<td><strong>28 credits</strong></td>
</tr>
</tbody>
</table>

Additional considerations apply in some course areas, including:

- **Mathematics.** To obtain the distinguished level of achievement under the foundation graduation program, which will be included on a student’s transcript and is a requirement to be considered for automatic admission to a Texas four-year college or university, a student must complete an endorsement and take Algebra II as one of the 4 mathematics credits.
- **Physical education.** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student’s ARD committee, Section 504 committee, or other campus committee, as applicable.

- **Language other than English.** Students are required to earn 2 credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits. A student may satisfy one of the two required credits by successfully completing in elementary school a dual language immersion program or a course in American Sign Language. In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

**Available Endorsements**

A student must specify upon entering grade 9 the endorsement he or she wishes to pursue.

- Science, technology, engineering, and mathematics
- Business and industry
- Public services
- Arts and humanities
- Multidisciplinary studies

**Personal Graduation Plans**

A personal graduation plan will be developed for each high school student. The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement entitles a student to be considered for automatic admission to a public four-year college or university in Texas, depending on his or her rank in class. The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that includes a course of study that promotes college and workforce readiness and career placement and advancement, as well as facilitates the transition from secondary to postsecondary education. The student’s personal graduation plan will denote an appropriate course sequence based on the student’s choice of endorsement.

Please also review [TEA's Graduation Toolkit](#).

A student may, with parental permission, amend his or her personal graduation plan after the initial confirmation.

**Available Course Options for All Graduation Programs**

Information regarding specific courses required or offered in each curriculum area will be distributed to students each fall to enroll in courses for the upcoming school year.
Note: The district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.

Certificates of Coursework Completion

A certificate of coursework completion will not be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

Students with Disabilities

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her individualized education program (IEP) and in accordance with state rules.

A student who receives special education services and has completed four years of high school but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL).]

ARD committees will make instructional and assessment decisions for students with disabilities who receive special education services in accordance with state law. A student who receives special education services may earn an endorsement under the foundation program. If the student’s curriculum requirements for the endorsement were modified, the student’s ARD committee will determine whether the modified curriculum is sufficiently rigorous to earn the endorsement. The ARD committee must also determine whether the student must perform satisfactorily on any end-of-course assessment to earn an endorsement.

Graduation Activities

Graduation activities will include:

- Graduation practice
- Graduation ceremony

Graduation Speakers

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[See FNA(LOCAL) and the Student Code of Conduct. For student speakers at other school events, see Student Speakers on page 102.]
Graduation Expenses

Because students and parents will incur expenses to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See Fees on page 61.]

Scholarships and Grants

Students who have a financial need according to federal criteria and who complete the foundation graduation program, may be eligible under the TEXAS Grant Program and the Teach for Texas Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.

Contact the school counselor for information about other scholarships and grants available to students.

Harassment

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 47.]

Hazing (All Grade Levels)

Hazing is defined as an intentional, knowing, or reckless act, on or off campus, by one person alone or acting with others, directed against a student for the purpose of pledging, initiation into, affiliation with, holding office in, or maintaining membership in a student organization if the act meets the elements in Education Code 37.151, including:

- Any type of physical brutality;
- An activity that subjects the student to an unreasonable risk of harm or that adversely affects the student’s mental or physical health, such as sleep deprivation, exposure to the elements, confinement to small spaces, calisthenics, or consumption of food, liquids, drugs, or other substances;
- An activity that induces, causes, or requires the student to perform a duty or task that violates the Penal Code; and
- Coercing a student to consume a drug or alcoholic beverage in an amount that would lead a reasonable person to believe the student is intoxicated.

Hazing will not be tolerated by the district. Disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[See Bullying on page 32 and policies FFI and FNCC.]
Health-Related Matters

**Student Illness (All Grade Levels)**

*COVID-19 specific guidelines are subject to change throughout the school year, and are denoted on the district website and available from each campus.*

When your child is ill, please contact the school to let us know he or she will not be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100 degrees, he or she must stay out of school until fever-free for 24 hours without fever-reducing medications. **During the COVID-19 pandemic, students may not return to school until fever-free for 72 hours without fever-reducing medications.** For additional COVID-19 information, please visit [www.midwayisd.org/coronavirus](http://www.midwayisd.org/coronavirus). In addition, students with diarrheal illnesses must stay home until they are diarrhea-free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

*COVID-19 specific guidelines are subject to change throughout the school year, and are denoted on the district website and available from each campus.*

**Immunization (All Grade Levels)**

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized.

For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the DSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at [Affidavit Request for Exemption from Immunization](http://www.midwayisd.org/coronavirus). The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are:

- Diphtheria, tetanus, and pertussis;
- Rubeola (measles), mumps, and rubella;
- Polio;
- Hepatitis A;
- Hepatitis B;
- Varicella (chicken pox); and
- Meningococcal.

The school nurse can provide information on immunization requirements. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor’s opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student’s family or household. This certificate must be renewed yearly unless the physician specifies a lifelong condition.

As noted at Bacterial Meningitis on page 78, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

[See the DSHS website: Texas School & Child Care Facility Immunization Requirements and policy FFAB(LEGAL) for more information.]

**Lice (All Grade Levels)**

Head lice, although not an illness or a disease, is very common among children and is spread very easily through head-to-head contact during play, sports, or nap time, and when children share things like brushes, combs, hats, and headphones. If careful observation indicates that a student has head lice, the school nurse will contact the student’s parent to determine whether the student will need to be picked up from school and to discuss a plan for treatment with an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student has undergone one treatment, the parent should check in with the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments and how best to get rid of lice and prevent their return.

Notice will also be provided to parents of elementary school students in the affected classroom. More information on head lice can be obtained from the DSHS website Managing Head Lice. [See policy FFAA.]

**Medicine at School (All Grade Levels)**

If a student must take medication during school hours, the student’s parent must provide the medication. All medication, whether prescription or nonprescription, must be kept in the
nurse’s office and be administered by the nurse or another authorized district employee. A student may be authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, except that authorized employees, in accordance with policy FFAC, may administer:

- Prescription medication in the original, properly labeled container, provided by the parent, along with a written request.
- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
- Nonprescription medication in the original, properly labeled container, provided by the parent along with a written request. **Note:** Insect repellant is considered a nonprescription medication.
- Herbal or dietary supplements provided by the parent only if required by the student’s individualized education program (IEP) or Section 504 plan for a student with disabilities.

Students whose schedules provide for regular time spent outdoors, including for recess and physical education classes, should apply sunscreen before coming to school.

At the elementary level, a student’s teacher or other district personnel will apply sunscreen to the student’s exposed skin if the student brings the sunscreen to school and asks for help applying it. A student at this level may apply his or her own sunscreen if the student is able to do so.

At the secondary level, a student may possess and apply sunscreen when necessary. If the student needs assistance with sunscreen application, please address the need with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

**Asthma and Severe Allergic Reactions**

A student with asthma or severe allergic reaction (anaphylaxis) may possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her health-care provider and the school nurse the ability to use the prescribed medication, including any device required to administer the medication.
If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

MISD authorizes school personnel who have agreed in writing and been adequately trained to administer an unassigned epinephrine auto-injector in accordance with law and FFAC policy. Administration of epinephrine shall only be permitted when an authorized and trained individual reasonably believes a person is experiencing anaphylaxis.

See also Food Allergies on page 79.

**Steroids (Secondary Grade Levels Only)**

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for physician-prescribed medical use only.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

**Mental Health Support (All Grade Levels)**

The district has implemented programs to address the following mental health, behavioral health, and substance abuse concerns:

- Mental health promotion and early intervention;
- Building skills to manage emotions, establish and maintain positive relationships, and engage in responsible decision-making;
- Substance abuse prevention and intervention;
- Suicide prevention, intervention, and postvention (interventions after a suicide in a community);
- Grief, trauma, and trauma-informed care;
- Positive behavior interventions and supports;
- Positive youth development; and
- Safe, supportive, and positive school climates; and
- Character Strong and Purposeful People curriculum-related lessons and activities.

If a student has been hospitalized or placed in residential treatment for a mental health condition or substance abuse, the district has procedures to support the student’s return to school. Please contact the district’s mental health liaison for further information.

Teachers and other district employees may discuss a student’s academic progress or behavior with the student’s parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A psychotropic drug is a substance used in
the diagnosis, treatment, or prevention of a disease or as a component of a medication that is intended to alter perception, emotion, mood, or behavior.

A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [See policy FFEB for more information.]

For related information, see:

- **Consent to Conduct a Psychological Evaluation or Provide a Mental Health Care** for the district’s procedures for recommending a mental health intervention and the mental health liaison’s contact information;
- **Counseling** for the district’s comprehensive school counseling program;
- **Physical and Mental Health Resources** for campus and community mental and physical health resources; and
- **Policies and Procedures that Promote Student Physical and Mental Health** for board-adopted policies and administrative procedures that promote student health.

**Physical Activity Requirements**

**Elementary School**

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in full-day prekindergarten–grade 5 engage in moderate or vigorous physical activity for at least 135 minutes per week.

For additional information on the district’s requirements and programs regarding elementary school student physical activity requirements, please see the principal.

**Middle School**

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in middle school will engage in at least 225 minutes of moderate or vigorous physical activity within each two-week period for at least four semesters.

For additional information on the district’s requirements and programs regarding junior high and middle school student physical activity requirements, please see the principal.

**Temporary Restriction from Participation in Physical Education**

Students who are temporarily restricted from participation in physical education will remain in the class and shall continue to learn the concepts of the lessons but not actively participate in the skill demonstration.

**Physical Fitness Assessment (Grades 3–12)**

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to the principal
to obtain the results of his or her child’s physical fitness assessment conducted during the school year.

Physical Health Screenings/Examinations

Athletics Participation (Secondary Grade Levels Only)

For certain extracurricular activities, a student must submit certification from an authorized health-care provider. The certification must state that the student has been examined and is physically able to participate in the relevant program, including:

- A district athletics program.
- District marching band.
- Any district extracurricular program identified by the superintendent.

This examination is required to be submitted annually to the district.

Students should be aware of the rare possibility of sudden cardiac arrest, which in athletes is usually caused by a previously unsuspected heart disease or disorder. A student may request an electrocardiogram (ECG or EKG) to screen for such disorders, in addition to his or her required physical examination.

See the UIL’s explanation of sudden cardiac arrest for more information.

Spinal Screening Program

School-based spinal screening helps identify adolescents with abnormal spinal curvature at an early stage, when the curve is mild and may go unnoticed. Early detection is key to controlling spinal deformities. Spinal screening is non-invasive and conducted in accordance with the most recent, nationally accepted and peer-reviewed standards.

All students who meet the Texas Department of State Health Services criteria will be screened for abnormal spinal curvature before the end of the school year. As appropriate, students will be referred for follow-up with their physician.

For information on spinal screening by an outside professional or exemption from spinal screening based on religious beliefs, contact the superintendent or see policy FFAA(LEGAL).

Special Health Concerns (All Grade Levels)

Bacterial Meningitis (All Grade Levels)

Please see the district’s website at www.midwayisd.org for information regarding meningitis.

Note: DSHS requires at least one meningococcal vaccination on or after a student’s 11th birthday, unless the student received the vaccine at age 10. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.
[See Immunization.]

**Diabetes**

In accordance with a student’s individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL) for more information.]

**Food Allergies (All Grade Levels)**

Parents should notify the district when a student has been diagnosed with a food allergy, especially an allergy that could result in dangerous or life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, based on the Texas Department of State Health Services’ (DSHS) “Guidelines for the Care of Students with Food Allergies At-Risk for Anaphylaxis” found on the DSHS website at Allergies and Anaphylaxis.

When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district’s food allergy management plan can be accessed at www.midwayisd.org.

[See Celebrations on page 34 and policy FFAF for more information.]

**Seizures (All Grade Levels)**

To address the care of a student with a seizure disorder while at school or participating in a school activity, a parent may submit a seizure management and treatment plan to the district before the beginning of the school year, upon enrollment of the student, or as soon as practicable following diagnosis of a seizure disorder.

[See A Student with Physical or Mental Impairments Protected under Section 504 on page 24 and contact the school nurse for more information.]

**Tobacco and E-Cigarettes Prohibited (All Grade Levels and All Others on School Property)**

Students are prohibited from possessing or using any type of tobacco product, electronic cigarette (e-cigarette), or any other electronic vaporizing device while on school property or while attending an off-campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes, or any other electronic vaporizing device by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies FNCD and GKA for more information.]
Health-Related Resources, Policies, and Procedures

**Physical and Mental Health Resources (All Grade Levels)**

Parents and students in need of assistance with physical and mental health concerns may contact the following campus and community resources:

- The district lead nurse, DeeAnn Kleypas at 761-5690.
- The district student support services lead counselor, Anne-Marie Zellers, at 761-5610.
- The local public health authority, *Waco McLennan County Public Health District.* At 254-750-5400.
- The local mental health authority, Heat of Texas MHMR Klaras Center for Families, may be contacted at 254-752-7889.

**Policies and Procedures that Promote Student Physical and Mental Health (All Grade Levels)**

The district has adopted board policies that promote student physical and mental health. (LOCAL) policies on the topics below can be found in the district’s policy manual, available at [https://pol.tasb.org/Home/Index/860](https://pol.tasb.org/Home/Index/860).

- Food and nutrition management: CO, COA, COB
- Wellness and Health Services: FFA
- Physical Examinations: FFAA
- Immunizations: FFAB
- Medical Treatment: FFAC
- Communicable Diseases: FFAD
- School-Based Health Centers: FFAE
- Care Plans: FFAF
- Crisis Intervention: FFB
- Trauma-informed Care: FFBA
- Student Support Services: FFC
- Student Safety: FFF
- Child Abuse and Neglect: FFG
- Freedom from Discrimination, Harassment, and Retaliation: FFH
- Freedom from Bullying: FFI

In addition, the District Improvement Plan details the district’s strategies to improve student performance through evidence-based practices that address physical and mental health.

The district has developed administrative procedures as necessary to implement the above policies and plans.
Please contact Dr. Jeanie Johnson, Assistant Superintendent for Administrative Services at 254-761-5610, for further information regarding these procedures and access to the District Improvement Plan.

**School Health Advisory Council (SHAC) (All Grade Levels)**

During the preceding school year, the district’s School Health Advisory Council (SHAC) held four meetings. Additional information regarding the district’s SHAC is available from the Administrative Services Office at 761-5610.

[See Human Sexuality Instruction on page 12 and policies BDF and EHAA. for more information.]

**Student Wellness Policy/Wellness Plan (All Grade Levels)**

To encourage healthy habits in our students, the district has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement it. You are encouraged to contact the Administrative Services Office at 761-5610 with questions about the content or implementation of the district’s wellness policy and plan.

**Homework (All Grade Levels)**

Homework is an integral part of the learning process to support, enrich or reinforce topics covered in class. Students will be able to see the purpose of homework and clearly understand requirements.

The teacher’s responsibility is to assign effective, well-planned homework assignments that aid the student in the mastery of the course’s essential knowledge and skills. This includes providing the student with ample notice of impending homework assignments.

The student’s responsibility is to complete assignments on time and to schedule after school activities so that they do not interfere with the completion of assignments. The student assumes the responsibility for making up work when absent from class.

Parents are responsible for ensuring that their child does the homework assigned on any given day. Regular monitoring of the homework provides a good overview of how and what the student is doing in various subjects. Homework provides a regular channel of communication between the parent and the teacher.

**Illness**

[See Student Illness under Health-Related Matters on page 72.]

**Law Enforcement Agencies (All Grade Levels)**

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances, the principal will:
• Verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.

• Ordinarily make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.

• Ordinarily be present unless the interviewer raises what the principal considers to be a valid objection.

**Students Taken Into Custody**

State law requires the district to permit a student to be taken into legal custody:

• To comply with an order of the juvenile court.

• To comply with the laws of arrest.

• By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.

• By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation.

• By a law enforcement officer to obtain fingerprints or photographs to establish a student’s identity, where the child may have engaged in conduct indicating a need for supervision, such as running away.

• By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.

• By an authorized representative of Child Protective Services (CPS), Texas Department of Family and Protective Services (DFPS), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student’s physical health or safety.

• To comply with a properly issued directive from a juvenile court to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer’s identity and, to the best of his or her ability, will verify the official’s authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student’s release to a law enforcement officer, any notification will most likely be after the fact.

**Notification of Law Violations**

The district is required by state law to notify:
All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.

All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.

All appropriate district personnel regarding a student who is required to register as a sex offender.

[For further information, see policy FL(LEGAL).]

Leaving Campus (All Grade Levels)

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a student early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place to document parental consent:

For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student’s return. Documentation regarding the reason for the absence will also be required.

For students in high school, the same process will be followed. If the student’s parent will authorize the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office in advance of the absence, no later than two hours prior to the student’s need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student’s parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required.

If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student’s
parent and document the parent’s wishes regarding release from school. Unless directed by
the parent to release the student unaccompanied, the parent or other authorized adult
must follow the sign-out procedures as listed above. If a student is allowed to leave campus
by himself or herself, as permitted by the student’s parent, or if the student is age 18 or is
an emancipated minor, the nurse will document the time of day the student was released.
Under no circumstances will a student in elementary or middle school be released
unaccompanied by a parent or adult authorized by the parent.

- If a student is 18 years of age or is an emancipated minor, the student may sign him- or
  herself out of school. Documentation regarding the reason for the absence will be required.

**During Lunch**

All students are to remain on campus during lunch. Violators will be considered truant. An
exception to this policy is when an upperclassman in high school has an approved lunch release
for a class such as PALS.

**At Any Other Time during the School Day**

Students are not authorized to leave campus during regular school hours for any other reason,
except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in
accordance with the Student Code of Conduct.

**Lost and Found (All Grade Levels)**

A “lost and found” collection box is located in the campus office. If your child has lost an item,
please encourage him or her to check the lost and found box. The district discourages students
from bringing to school personal items of high monetary value, as the district is not responsible
for lost or stolen items. The campus will dispose of lost and found items at the end of each
semester.

**Makeup Work**

**Makeup Work Because of Absence (All Grade Levels)**

For any class missed, the teacher may assign the student makeup work based on the
instructional objectives for the subject or course and the needs of the individual student in
mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory
manner and within the time specified by the teacher. A student who does not make up
assigned work within the time allotted by the teacher will receive a failing grade for the
assignment.

A student is encouraged to speak with his or her teacher if the student knows of an absence
ahead of time, including absences for extracurricular activities, so that the teacher and student
may plan any work that can be completed before or shortly after the absence. Please
remember the importance of student attendance at school and that, even though absences
may be excused or unexcused, all absences account for the 90 percent threshold regarding the
state laws surrounding “attendance for credit or final grade.” [See Attendance for Credit or Final Grade on page 29.]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with timelines approved by the principal and previously communicated to students.

Makeup Work after Absences: Students have three days after any absence to make up work missed during the absence. If parents and students feel that extenuating circumstances will not allow the work to be made up in that amount of time, it is their responsibility to contact the teacher and make arrangements for extending the make up deadline.

Makeup Work for Long Term Projects after Absences: Sometimes, teachers assign projects that take a number of days to complete. A project that is due three or more school days after it is assigned is considered a long-term project. Students who are absent on the date that a long-term project is due will be expected to turn in the completed project when they return to school. No extra time will be given unless students bring the portion of the project that has been completed to school on the same day they return and can show that they have done a reasonable amount of work on the project, taking into account the reason for their absence. The purpose of this policy is to discourage students from procrastinating on projects.

INCOMPLETE GRADE (I)
A student who does not complete course work by the end of a marking period will receive an incomplete grade (I). The student has ten days to complete his/her course work. The incomplete grade (I) is changed to 50 on the eleventh (11th) day following the end of a marking period by Student Services. A student’s teacher-of-record may change the 50 to a higher grade if extenuating circumstances warrant, such as extended illness, once the course work is completed. A Grade Change Form signed by the teacher-of-record must be submitted to Student Services. Student Services will provide an updated report card upon request by the student or parent.

**DAEP Makeup Work**

**Grades 9–12**
A high school student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]
**In-School Suspension (ISS) and Out-of-School-Suspension (OSS) Makeup Work (All Grade Levels)**

**Alternative Means to Receive Coursework**

While a student is in ISS or OSS, the district will provide the student with all course work for the student’s foundation curriculum classes that the student misses as a result of the suspension.

**Opportunity to Complete Courses**

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL).]

**Nondiscrimination Statement (All Grade Levels)**

In its efforts to promote nondiscrimination and as required by law, MISD does not discriminate on the basis of race, religion, color, national origin, gender, sex, disability, age, or any other basis prohibited by law, in providing education services, activities, and programs, including CTE programs, and provides equal access to the Boy Scouts and other designated youth groups.

In accordance with Title IX, the district does not and is required not to discriminate on the basis of sex in its educational programs or activities. The requirement not to discriminate extends to admission and employment. Inquiries about the application of Title IX may be referred to the district’s Title IX Coordinator (see below), to the Assistant Secretary for Civil Rights of the Department of Education, or both.

Other federal laws that prohibit discrimination include Title VI, Section 504, the Age Discrimination Act, the Boy Scouts Act, and Title II.

The district has designated and authorized the following employee as the Title IX Coordinator to address concerns or inquiries regarding discrimination on the basis of sex, including sexual harassment, sexual assault, dating violence, domestic violence, stalking, or gender-based harassment: Dr. Jeanie Johnson, Assistant Superintendent for Administrative Services, 13885 Woodway Drive, 254-7612-5610, jeanie.johnson@midwayisd.org. Reports can be made at any time and by any person, including during non-business hours, by mail, phone, or email. During district business hours, reports may also be made in person. Upon the district receiving notice or an allegation of sex-based harassment, the Title IX Coordinator will promptly respond in accordance with the process described at FFH(LOCAL).

The following district representatives have been designated to address concerns or inquiries about other kinds of discrimination:

- ADA/Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: Sharon Blanchard, Director of Special Education and 504, 761-5625.
• All other concerns regarding discrimination: Dr. Jeanie Johnson, Assistant Superintendent for Administrative Services, 761-5610.

• [See policies FB, FFH, and GKD.]

**Nontraditional Academic Programs (All Grade Levels)**

Midway High School provides the following options to gain credit for a semester of a course:

- Credit Recovery
- Correspondence Course
- Credit by Exam
- Summer School

**Parent and Family Engagement (All Grade Levels)**

*Working Together*

Both experience and research tell us that a child’s education succeeds best when there is good communication and a strong partnership between home and school. Your involvement and engagement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child’s school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.
- Monitoring your child’s academic progress and contacting teachers as needed. [See *Academic Counseling* on page 44.]

- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school office for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See *Report Cards/Progress Reports and Conferences* on page 91.]

- Becoming a school volunteer. [For further information, see policy GKG and *Volunteers* on page 108.]

- Participating in campus parent organizations.

- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve
student achievement. [For further information, see policies at BQA and BQB, and contact Dr. Aaron Peña, Assistant Superintendent for Curriculum & Instruction at 761-5613.]

- Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction and other wellness issues. [See policies at BDF, EHAA, FFA, and information in this handbook at School Health Advisory Council (SHAC) on page 79.]

- Being aware of the school’s ongoing bullying and harassment prevention efforts.

- Contacting school officials if you are concerned with your child’s emotional or mental well-being.

- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

Parking and Parking Permits (Secondary Grade Levels Only)

A student must present a valid driver’s license and proof of insurance to be eligible for a parking permit.

Students must request a parking permit and pay a fee to park in a school parking lot. So long as space is available, parking permits may be issued throughout the year.

Students will not be permitted to:

- Speed.
- Double-park.
- Park across a white or yellow line.
- Park in a fire lane.
- Sit in parked cars during school hours.

Students may be subject to disciplinary action for violation of these rules. The district may tow cars that are parked in violation of these rules. Additionally, MISD has a policy for random, mandatory drug testing of students in extracurricular programs and students who request a parking permit to park a vehicle on school property.

Pledges of Allegiance and a Minute of Silence (All Grade Levels)

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See Reciting the Pledges to the U.S. and Texas Flags on page 12.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning
of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

[See policy EC for more information.]

**Prayer (All Grade Levels)**

Each student has a right to pray individually, voluntarily, and silently or to meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

**Promotion and Retention**

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level, the recommendation of the student’s teacher, the score received on any criterion-referenced or state-mandated assessment, and any other necessary academic information as determined by the district.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessments of Academic Readiness (STAAR) if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

**Elementary and Middle School Grade Levels**

In kindergarten through grade 2, promotion to the next grade level shall require the student’s report card to reflect three of the following: 1. Performance in reading at grade level with no more than three indicators marked with inadequate progress (I). 2. Performance in writing at grade level with no more than three indicators marked with inadequate progress (I). 3. Performance in mathematics at grade level with no more than three indicators marked with inadequate progress (I). 4. Reading level at or above grade level as determined by a District-approved assessment.

In grades 3-8, promotion is based on an overall average of 70 on a scale of 100 based upon course-level, grade-level standards (essential knowledge and skills) for all core subject areas (mathematics, language arts, science, and social studies) and a grade of 70 or above in language arts (English and reading) and mathematics [EIE(LOCAL)].

To be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and reading sections of the grade 5 assessment in English or Spanish.

To be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 assessment in English.

If a student in grade 5 or 8 is enrolled in a course that earns high school credit and for which an end-of-course (EOC) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant grade 5 or 8 assessment. The student will instead take the corresponding EOC assessment.
If a student in grades 3–8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state-mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

[See Standardized Testing on page 100.]

A student in grade 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student’s parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. For the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous, and the student must complete additional special instruction before beginning the next grade level. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policy EIE.]

Certain students—some with disabilities and some classified as English learners—may be eligible for exemptions, accommodations, or deferred testing. An admission, review, and dismissal (ARD) committee meeting will be convened if a student receiving special education services in grade 5 or 8 fails to meet satisfactory performance after the first STAAR administrations in reading or math. For more information, see the principal, school counselor, or special education director.

Parents of a student at or above grade level 3 who does not perform satisfactorily on his or her state-mandated examinations, will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year. Failure of a student to attend these programs may result in violations of required school attendance as well as the student not being promoted to the next grade level.

A personal graduation plan (PGP) will be prepared for any student at the middle school determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a school counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student’s educational goals, address the parent’s educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the school counselor and policy EIF(LEGAL).] For a student receiving special education services, the student’s IEP may serve as the student’s PGP and would therefore be developed by the student’s ARD committee.

[For information related to the development of personal graduation plans for high school students, see Personal Graduation Plans on page 70.]
**High School Grade Levels**

To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [See Grade Level Classification on page 63.]

Students will also have multiple opportunities to retake EOC assessments. [See Graduation on page 67 and Standardized Testing on page 100 for more information about EOC assessments.]

**Release of Students from School**

[See Leaving Campus on page 83.]

**Report Cards/Progress Reports and Conferences (All Grade Levels)**

Report cards with each student’s grades or performance and absences in each class or subject are issued at least once every 6 weeks.

At the end of the first three weeks of a grading period parents will receive a progress report if their child’s performance in any course/subject area is below 75 or is below the expected level of performance. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject. [See Working Together on page 87 for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy and are designed to reflect each student’s relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district’s grading policy. [See policy EIA(LOCAL) and Grading Guidelines on page 63.]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Report cards and unsatisfactory progress reports must be signed by the parent and returned to the school within 3 days. The district may use an electronic program to communicate academic information about your child, including for report card and progress reporting purposes. An electronic signature of the parent will be accepted by the district, but you are entitled to request the option to provide a handwritten signature of acknowledgment instead.

The District utilizes the following scale for translating grades of S, N, and U on a report card:

- S – 79.5-100
- N – 69.5-79
- U – 69.4 and below
Retaliation
[See Dating Violence, Discrimination, Harassment, and Retaliation on page 47.]

Safety (All Grade Levels)
Student safety on campus, at school-related events, and on district vehicles is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, campus behavior coordinators, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member. A student may make anonymous reports about safety concerns on the See Something, Say Something link on the District website at https://asp.schoolmessenger.com/midway/quicktip/.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Accident Insurance
Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child. For more information, see https://www.midwaysd.org/site/Default.aspx?PageID=17239.

Insurance for Career and Technical Education (CTE) Programs
If the board purchases accident, liability, or automobile insurance coverage for students or businesses involved in the district’s CTE programs, the district will notify the affected students and parents.

Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies
With a structured frequency outlined by the District’s Emergency Operations Plan, students, teachers, and other district employees will participate in preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Students in grades 7–12 will annually be offered instruction on the use of bleeding control stations to respond to traumatic injury. For more information, see Homeland Security’s Stop the Bleed and Stop the Bleed Texas.
The next page includes a summary of the District’s Standard Response Protocol. Parents are encouraged to review these terms and actions with their child(ren).

---

**Emergency Medical Treatment and Information**

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on previously provided written parental

---

Page 93 of 122
consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, all parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

**Emergency School-Closing Information**

Each year, parents are asked to complete an emergency release form to provide contact information in the event that school is dismissed early or opening is delayed because of severe weather or another emergency, or if the campus must restrict access due to a security threat.

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. It is crucial to notify your child’s school when a phone number previously provided to the district has changed.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will also alert the community with appropriate means of communication that may include: local radio and TV stations, School Messenger emails, phone calls, and/or text messages, social media posts, and the District website at www.midwayisd.org.

[See **Communications-Automated, Emergency** on page 40 for more information.]

**SAT, ACT, and Other Standardized Tests**

[See **Standardized Testing** on page 100.]

**Schedule Changes (Middle and High School Grade Levels)**

Student-initiated requests for schedule adjustments, commonly referred to as the add/drop period, must be made through the counseling office. The add/drop period is defined as the first ten (10) days of the fall semester. For the spring semester, the add/drop period is defined as the five (5) days prior to and including mid-term exam days in the fall and first five (5) days of the spring semester.

Teacher assignments and schedule considerations will not allow the school to accommodate requests based on such factors as preferred lunch periods or teacher preference. Student-initiated schedule change requests will be considered only under the following circumstances:

- A new student enrolls at the beginning of the school year and is not placed in appropriate classes
- Senior not enrolled in a class required for graduation
- Student is scheduled into a class for which the student does not have the prerequisite, did not apply, or did not try out
- Student is scheduled in a class for which they have already been awarded credit
- Student not enrolled in an application/audition course for which they were approved
- Balancing class sizes
- Student needs to add a course to be a full-time student/has an incomplete schedule
 Student is cut from athletic program
 Student with a medical reason documented by a physician
 Honors/AP changes (according to the change timeline only, which is listed below)
 Changes for Special Education student based on ARD decision

Students are strongly encouraged to consider carefully all course requests and subsequent requests for schedule changes. Exceptions to the described guidelines will be made only in extraordinary circumstances with the approval of the High School Administration.

Deadlines for Honors/AP Changes:
 For changes to and from Honors/AP classes within the same subject, the deadline will be within the first 10 days of semester one, at the end of the first six weeks, or within the first 5 days of semester two. For students moving into Honors/AP after the first day of class, any missed work must be made up according to the guidelines of the Honors/AP teacher. Additionally, the grade from the dropped class will transfer to the new class.
 For Honors/AP classes with no comparable, regular level course, changes will only be made within the first 10 days of school or at the end of semester one. Examples of Honors/AP classes with no comparable, regular course are: any level 3, 4, or 5 foreign language course, AP Calculus, AP Statistics, AP Biology, AP Chemistry, AP Physics 2, AP Physics C, AP Environmental Science, and AP European History.

Transfers – Student transfer - pupil-movement from one level of a subject to another (ex. AP English to Regular English) - will be allowed only with the approval of the administration within the first 10 class days, at the end of the 1st six week grading period, or at semester. Transfers will be considered only when a significant academic need is shown.

School Facilities

Asbestos Management Plan (All Grade Levels)
The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district’s Asbestos Management Plan is available in the superintendent’s office. If you have any questions or would like to examine the district’s plan in more detail, please contact Thomas Yourman, the district’s designated asbestos coordinator, at 761-5620.

Food and Nutrition Services (All Grade Levels)
*Due to the COVID-19 pandemic, no outside food may be dropped off to be delivered to students by campus personnel on any campus.*
The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.
Free and reduced-price meals are available based on financial need or household situation. Information about a student’s participation is confidential. The district may share information such as a student’s name and eligibility status to help enroll eligible children in Medicaid or the state children’s health insurance program (CHIP) unless the student’s parent notifies the district that a student’s information should not be disclosed. Participating students will be offered the same meal options as their peers and will not be treated differently from their peers.

See [https://www.midwayisd.org/Page/189](https://www.midwayisd.org/Page/189) to apply for free or reduced-price meal services, or inquire in the campus office. See CO for more information.

Parents are strongly encouraged to continually monitor their child’s meal account balance. When a student’s meal account is depleted, the district will notify the parent. The student will be allowed to continue purchasing meals according to the grace period set by the school board, and the district will present the parent with a schedule of repayment for any outstanding account balance and an application for free or reduced meals. If the district is unable to work out an agreement with the student’s parent on replenishment of the student’s meal account and payment of any outstanding balance, the student will receive a meal. The district will make every effort to avoid bringing attention to the student.

**Pest Management Plan (All Grade Levels)**

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child’s school assignment area may contact Thomas Yourman, the district’s IPM coordinator, at 761-5620.

**Vending Machines (All Grade Levels)**

The district has adopted and implemented the state and federal policies for food service, including guidelines to restrict student access to vending machines. For more information regarding these policies and guidelines, see policy FFA for more information.

**Use by Students Before and After School (All Grade Levels)**

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.
Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, unless a student is involved in an activity under the supervision of a teacher or other authorized employee or adult, or unless students are granted permission to remain on campus in accordance with policy FNAB, students must leave campus immediately.

**Conduct Before and After School (All Grade Levels)**

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

**Use of Hallways during Class Time (All Grade Levels)**

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

**Library (All Grade Levels)**

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. Each campus library, staffed with a full-time librarian, is open to students and teachers during regular school hours. The MHS library is open until 4:30 p.m. Students are encouraged to use the library for research, for borrowing books to aid them in their school work, and for recreational reading. All library materials checked out by a student are the borrower’s responsibility. A lost or damaged book must be replaced by the borrower. A replacement cost will be assessed. Students may also be charged a late fee if materials are not returned when due.

MIDDLE SCHOOL LIBRARY: Parents should be aware of a “Young Adult” label on the inside cover of some books. This means that this book might contain language and/or situations that some parents may wish to examine before allowing their students to read the book. There is also a label that gives the reading level of the book. Literary reviews are used for the placement of these labels. Parents should encourage children to read and parents should monitor what they read. Please examine reading materials and return books if you do not approve. The library has a large selection of books from which to choose.

**Meetings of Noncurriculum-Related Groups (Secondary Grade Levels Only)**

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal’s office.
School-sponsored Field Trips (All Grade Levels)

The district periodically takes students on field trips for educational purposes.

A parent must provide permission for a student to participate in a field trip.

The district may ask the parent to provide information about a student’s medical provider and insurance coverage, and may also ask the parent to sign a waiver allowing for emergency medical treatment in the case of a student accident or illness during the field trip.

The district may require a fee for student participation in a field trip to cover expenses such as transportation, admission, and meals; however, a student will not be denied participation because of financial need.

Searches

Searches in General
(All Grade Levels)

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may occasionally conduct searches.

District officials may conduct searches of students, their belongings, and their vehicles in accordance with law and district policy. Searches of students will be conducted without discrimination, based on, for example, reasonable suspicion, voluntary consent, or pursuant to district policy providing for suspicionless security procedures, including the use of metal detectors.

In accordance with the Student Code of Conduct, students are responsible for prohibited items found in their possession, including items in their personal belongings or in vehicles parked on district property.

If there is reasonable suspicion to believe that searching a student’s person, belongings, or vehicle will reveal evidence of a violation of the Student Code of Conduct, a district official may conduct a search in accordance with law and district regulations.

District Property (All Grade Levels)

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice. Students have no expectation of privacy in district property.

Students are responsible for any item—found in district property provided to the student—that is prohibited by law, district policy, or the Student Code of Conduct.
**Metal Detectors**  
*All Grade Levels*

To maintain a safe and disciplined learning environment, the district reserves the right to subject students to metal detector searches when entering a district campus and at off-campus, school-sponsored activities.

**Trained Dogs**  
*All Grade Levels*

The district will use trained dogs to screen for concealed, prohibited items, including drugs and alcohol. Screenings conducted by trained dogs will not be announced in advance. The dogs will not be used with students, but students may be asked to leave personal belongings in an area that is going to be screened, such as a classroom, a locker, or a vehicle. If a dog alerts to an item or an area, it may be searched by district officials.

**Telecommunications and Other Electronic Devices**  
*All Grade Levels*

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See policy FNF(LEGAL) and *Electronic Devices and Technology Resources* on page 53 for more information.]

**Drug Testing (Secondary Grade Levels Only)**

MISD has a policy for random, mandatory drug testing of students in extracurricular programs and students who request a parking permit to park a vehicle on school property. [For further information, see policy FNF(LOCAL).]

**Vehicles on Campus**  
*Secondary Grade Levels Only*

If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the district will contact the student’s parents. If the parents also refuse to permit the vehicle to be searched, the district may contact law enforcement officials and turn the matter over to them. The district may contact law enforcement even if permission to search is granted.

**Sexual Harassment**

[See *Dating Violence, Discrimination, Harassment, and Retaliation* on page 47.]
Special Programs (All Grade Levels)

The district provides special programs for gifted and talented students, homeless students, students in foster care, bilingual students, migrant students, English learners, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact Dr. Aaron Peña, Assistant Superintendent for Curriculum & Instruction at 761-5613.

A student who has or is at risk for dyslexia or a related reading difficulty is eligible to participate in the Texas State Library and Archives Commission’s Talking Book Program, which provides audiobooks free of charge to qualifying Texans with visual, physical, or reading disabilities.

Standardized Testing

Secondary Grade Levels

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the school counselor early during their junior year to determine the appropriate examination to take; these examinations are usually taken at the end of the junior year. The Preliminary SAT (PSAT) and ACT-Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT, and more information can be obtained on these assessments from the school counselor.

Note: Participation in these assessments may qualify a student to receive a performance acknowledgment on his or her transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances after the EOC assessment has been taken at least once. A student’s performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

TSI (Texas Success Initiative) Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual credit course offered through the district as well. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-course assessment requirements in limited circumstances after the EOC assessment has been taken at least once.
STAAR (State of Texas Assessments of Academic Readiness)

Grades 3–8

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law for the student to be promoted to the next grade level, unless the student is enrolled in a reading or math course intended for students above the student’s current grade level. Exceptions may apply for students enrolled in a special education program if the admission, review, and dismissal (ARD) committee concludes the student has made sufficient progress in the student’s individualized education plan (IEP). [See Promotion and Retention on page 89 for additional information.]

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria as determined by the student’s ARD committee.

STAAR Spanish is available for eligible students in grades 3-5.

High School Courses—End-of-Course (EOC) Assessments

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II
- Biology
- U.S. History

Satisfactory performance on the applicable assessments will be required for graduation, unless otherwise waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain criteria established by the state as determined by the student’s ARD committee.

An admission, review, and dismissal (ARD) committee for a student receiving special education services will determine whether successful performance on the EOC assessments will be
required for graduation within the parameters identified in state rules and the student’s personal graduation plan (PNP).

[See Graduation on page 67 for additional information.]

**Students in Foster Care (All Grade Levels)**

In an effort to provide educational stability, the district will assist any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state, sometimes referred to as substitute care) with the enrollment and registration process, as well as other educational services throughout the student’s enrollment in the district.

Please contact Dr. Jeanie Johnson, Assistant Superintendent for Administrative Services, who has been designated as the district’s foster care liaison, at 761-5610 with any questions.

[See Students in the Conservatorship of the State on page 20 for more information.]

**Students Who are Homeless (All Grade Levels)**

A parent is encouraged to inform the district if his or her child is experiencing homelessness. District staff can share resources that may be able to assist families.

For more information on services for students who are homeless, contact the District’s homeless education liaison, Dr. Jeanie Johnson, at 761-5610.

**Student Speakers (All Grade Levels)**

The district provides students the opportunity to introduce at the graduation ceremony. If a student meets the eligibility criteria and wishes to introduce one of the school events listed above, the student should submit his or her name in accordance with policy FNA(LOCAL).

[See policy FNA(LOCAL) regarding other speaking opportunities and Graduation on page 67 for information related to student speakers at graduation ceremonies.]

**Summer School (All Grade Levels)**

HIGH SCHOOL STUDENTS: Midway ISD operates a summer school program each year. Courses for credit are offered based on student request. A student who did not graduate with his/her class may enroll in summer school to complete credits required for graduation.

MIDDLE SCHOOL AND INTERMEDIATE STUDENTS: Midway ISD operates a summer school program each year. The courses are remedial in nature. This program provides students with the opportunity to complete or repeat required courses in which they have been previously enrolled and failed to receive credit.

ELEMENTARY STUDENTS: Summer school is only available to students placed in summer school by ARD committees of students required to receive summer school as part of their ELL services or for students to regain credit because of absences.
Tardies (All Grade Levels)

A student who is tardy to class may be assigned to detention hall. Repeated instances of tardiness will result in more severe disciplinary action, in accordance with the Student Code of Conduct. Tardies may also impact attendance and truancy rules.

Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Any books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day. If the student has damaged an iPad, the student will not be provided a replacement until the damages have been paid.

If the district does not issue graphing calculators for a course requiring their use, a student may use a calculator application with the same functionality as a graphing calculator on a phone, laptop, tablet, or other computing device in place of a graphing calculator.

Transfers (All Grade Levels)

The principal is authorized to transfer a student from one classroom to another.

Students shall be assigned to schools in the attendance area in which they reside. A student who wishes to attend a school other than the one they are assigned to shall obtain prior approval from the Superintendent’s designee in accordance with Policy FDB (LOCAL). Intra-district transfers are only approved for extenuating circumstances supported by medical, emotional, psychological, legal documentation related to the welfare of a student, or extenuating circumstances related to childcare needs for a student in prekindergarten through grade 4.

[See Safety Transfers/Assignments on page 19, Bullying on page 32, and Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services on page 22, for other transfer options.]

Transportation (All Grade Levels)

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent or to another adult designated by the parent.
Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students.

Bus routes and stops will be designated annually, and any subsequent changes will be posted at the school and on the district’s website. For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

The district has identified the following areas where hazardous conditions exist for students who live within two miles of the campus: Highway 84 for all school age children, Hewitt Drive for Castleman Creek Elementary students crossing Hewitt Drive where there is no crossing guard available or walkway available, and the Middle Bosque River bridge on Speegleville Road for River Valley Intermediate students residing north of the river.

Because students in these areas might encounter hazardous conditions when traveling to and from school independently, the district will provide transportation to these students. Please contact the Transportation offices at 761-5620 for additional information.

A parent may also designate a child-care facility or grandparent’s residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact Transportation offices at 761-5620.

Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver’s directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
- Not possess or use any form of tobacco or e-cigarettes in any district vehicle.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver’s signal upon leaving the vehicle and before crossing in front of the vehicle.
- Follow any other rules established by the operator of the vehicle.
Misconduct will be punished in accordance with the Student Code of Conduct; the privilege to ride in a district vehicle, including a school bus, may be suspended or revoked. See below for specific rules/policies and possible consequences of misbehavior. The bus driver must watch the road at all times to ensure the safety of riders, pedestrians and other motorists; therefore, any actions by students that distract the driver creates unsafe driving conditions. Midway ISD has developed a progressive discipline structure to help maintain a safe bus environment for all students. The Midway ISD Student Code of Conduct applies at all times. These guidelines are designed to emphasize safety for all students and provide a progressive set of consequences for inappropriate behavior.

**Minor Offenses (examples)**
- Chewing gum
- Horse play
- Not sitting in assigned seat
- Not sitting properly in seat
- Arms, legs or feet in aisle
- Throwing items inside/out of bus (minor, low risk)
- Eating/drinking on the bus
- Standing or changing seats when bus is in motion
- Possession of inappropriate items on the bus (not illegal)
- Any behavior that distracts the driver

**Major Offenses (examples)**
- Profanity
- Fighting
- Opening emergency exit unnecessarily
- Throwing items inside/out of bus (dangerous, high risk)
- Inappropriate talk or touching of a sexual nature
- Behavior resulting in an emergency stop by the driver
- Insubordination towards driver
- Threats toward driver or another student
- Smoking
- Possession of any weapon
- Possession of any illegal items (drugs, cigarettes, lighter, etc....)
- Vandalism of bus or student property

**Consequences**

Violations of the Student Code of Conduct by a student being transported on a school bus may result in disciplinary action at the campus and/or suspension of riding privileges. The campus principal or assistant principal will determine the severity of the offense based on information provided by the bus driver. On all referrals the campus administrator will conference with the student and attempt to contact a parent/guardian. The principal or assistant principal will use his or her professional judgment and discretion in applying consequences for behavior that occurs while students are riding district-provided transportation. Referrals and their accompanying progressive consequence will be considered separately between Minor and Major offenses.
Minor Offenses

Consequences for Minor Offenses may be applied using the following table:

<table>
<thead>
<tr>
<th>Minor Referrals</th>
<th>Consequence</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st</td>
<td>Warning, Parent Contact</td>
</tr>
<tr>
<td>2nd</td>
<td>Campus-level discipline, Parent Contact</td>
</tr>
<tr>
<td>3rd</td>
<td>Bus suspension for 5 days</td>
</tr>
<tr>
<td>4th</td>
<td>Bus suspension for 10 days</td>
</tr>
<tr>
<td>5th</td>
<td>Bus suspension for the remainder of the semester (20 day minimum) *</td>
</tr>
<tr>
<td>6th</td>
<td>Bus suspension for remainder of the second semester (20 day minimum) *</td>
</tr>
</tbody>
</table>

*Suspensions on 5th & 6th referrals occurring with fewer than 20 school days to the end of the semester or the end of the school year will carry over to the next semester or the following school year.

Major Offenses

Major offenses may result in the automatic suspension of bus riding privileges. Principals, upon their determination of severity, have the authority to suspend bus riding privileges for the remainder of the semester or year at any time. Major offenses are addressed using the following table:

<table>
<thead>
<tr>
<th>Major Referrals</th>
<th>Consequence</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st</td>
<td>Bus suspension for 5 days</td>
</tr>
<tr>
<td>2nd</td>
<td>Bus suspension for 10 days</td>
</tr>
<tr>
<td>3rd</td>
<td>Bus suspension for the remainder of the semester (20 day minimum) *</td>
</tr>
<tr>
<td>4th</td>
<td>Bus suspension for remainder of the second semester (20 day minimum) *</td>
</tr>
</tbody>
</table>

*Suspensions on 3rd & 4th referrals occurring with fewer than 20 school days to the end of the semester or the end of the school year will carry over to the next semester or the following school year.

The following rules shall also apply to students provided school transportation:

1. Students ride only one “home” address eligible bus.
2. Pickup is generally at corner intersections (driver has authority to designate stops).
3. Students are not allowed to ride alternate buses unless the principal or designee determines the need based on an emergency situation.
4. Students will not be allowed to ride the bus to and from babysitters (unless on an approved route).

5. Students should be picked up and let off at same stop unless driver is notified beforehand.

6. No guest riders allowed without signatures from parent and principal.

**Vandalism (All Grade Levels)**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

**Video Cameras (All Grade Levels)**

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

In accordance with state law, a parent of a student who receives special education services, a staff member (as this term is defined by law), a principal or assistant principal, or the board may make a written request for the district to place video and audio recording equipment in certain self-contained special education classrooms. The district will provide notice to before placing a video camera in a classroom or other setting in which your child receives special education services. For more information or to request the installation and operation of this equipment, speak with the principal or Sharon Blanchard at 761-5625, who the district has designated to coordinate the implementation of and compliance with this law.

[See EHBAF(LOCAL).]

**Visitors to the School (All Grade Levels)**

**General Visitors**

*Due to the COVID-19 pandemic, no visitors will be allowed on campus except for an essential activity previously approved by the principal.*

Other than, and prior to, COVID-19 situations, parents and others are typically welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and must comply with all applicable district policies and procedures. When arriving on campus, all parents and other visitors should be prepared to show identification.
Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Even if the visit is approved prior to the visitor’s arrival, the individual must check in at the main office first.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

**Unauthorized Persons**

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer has the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

- The person poses a substantial risk of harm to any person; or
- The person behaves in a manner that is inappropriate for a school setting and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with FNG(LOCAL) or GF(LOCAL).

[See also Student Code of Conduct.]

**Visitors Participating in Special Programs for Students**

*Due to the COVID-19 pandemic, no visitors will be allowed on campus except for an essential activity previously approved by the principal.*

**Business, Civic, and Youth Groups**

The district may invite representatives from patriotic societies listed in Title 36 of the United States Code to present information to interested students about membership in the society.

**Career Day**

From time to time, the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

**Volunteers (All Grade Levels)**

We appreciate so much the efforts of parent and grandparent volunteers that are willing to serve our district and students. If you are interested in volunteering, please contact your child’s campus office for more information and to complete an application.

**Voter Registration (Secondary Grade Levels Only)**

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.
Withdrawing from School (All Grade Levels)

When a student under age 18 withdraws from school, the parent or guardian must submit a written request to the principal, specifying the reasons for withdrawal and the final day the student will be in attendance. Withdrawal forms are available from the principal’s office.

A student who is age 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

Please provide the school at least three days’ notice of withdrawal so that records and documents may be prepared.
Glossary

Accelerated instruction is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level and/or as a result of a student not meeting the passing standard on a state-mandated assessment.

ACT, or the American College Test, is one of the two most frequently used college or university admissions examinations. The test may be required for admission to certain colleges or universities.

ACT-Aspire refers to an assessment that took the place of ACT-Plan and is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

ARD stands for admission, review, and dismissal. The ARD committee convenes for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

Attendance review committee is responsible for reviewing a student’s absences when the student’s attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

CPS stands for Child Protective Services.

DAEP stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

DFPS is the Texas Department of Family Protective Services.

DPS stands for the Texas Department of Public Safety.

EOC (end-of-course) assessments are state-mandated and are part of the STAAR program. Successful performance on EOC assessments are required for graduation. These examinations will be given in English I, English II, Algebra I, Biology, and U.S. History.

ESSA is the federal Every Student Succeeds Act passed in December 2015.

FERPA refers to the federal Family Educational Rights and Privacy Act, which grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student’s parent or a student 18 or older directs the school not to release directory information.

IEP stands for individualized education program and is the written record prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student’s present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student’s progress will be
measured and how the parents will be kept informed; accommodations for state or districtwide
tests; whether successful completion of state-mandated assessments is required for
graduation, etc.

**IGC** is the individual graduation committee, formed in accordance with state law, to determine
a student’s eligibility to graduate when the student has failed to demonstrate satisfactory
performance on no more than two of the required state assessments.

**ISS** refers to in-school suspension, a disciplinary technique for misconduct found in the Student
Code of Conduct. Although different from out-of-school suspension and placement in a DAEP,
ISS removes the student from the regular classroom.

**PGP** stands for personal graduation plan, which is required for high school students and for any
student in middle school who fails a section on a state-mandated test or is identified by the
district as not likely to earn a high school diploma before the fifth school year after he or she
begins grade 9.

**PSAT** is the preparatory and readiness assessment for the SAT. It also serves as the basis for the
awarding of National Merit Scholarships.

**SAT** refers to the Scholastic Aptitude Test, one of the two most frequently used college or
university admissions examinations. The test may be required for admissions to certain colleges
or universities.

**SHAC** stands for School Health Advisory Council, a group of at least five members, a majority of
whom must be parents, appointed by the school board to assist the district in ensuring that
local community values and health issues are reflected in the district’s health education
instruction, along with providing assistance with other student and employee wellness issues.

**Section 504** is the federal law that prohibits discrimination against a student with a disability,
requiring schools to provide opportunities for equal services, programs, and participation in
activities. Unless the student is determined to be eligible for special education services under
the Individuals with Disabilities Education Act (IDEA), general education with appropriate
instructional accommodations will be provided.

**STAAR** is the State of Texas Assessments of Academic Readiness, the state’s system of
standardized academic achievement assessments.

**STAAR Alternate 2** is an alternative state-mandated assessment designed for students with
severe cognitive disabilities receiving special education services who meet the participation
requirements, as determined by the student’s ARD committee.

**STAAR Spanish** is an alternative state-mandated assessment administered to eligible students
for whom a Spanish version of STAAR is the most appropriate measure of their academic
progress.

**State-mandated assessments** are required of students at certain grade levels and in specified
subjects. Successful performance sometimes is a condition of promotion and passing the STAAR
EOC assessments is a condition of graduation. Students have multiple opportunities to take the
tests if necessary, for promotion or graduation.
**Student Code of Conduct** is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from a classroom, campus, or district vehicle. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student's violation of one of its provisions.

**TAC** stands for the Texas Administrative Code.

**TEA** stands for the Texas Education Agency, which oversees primary and secondary public education in Texas.

**TELPAS** stands for the Texas English Language Proficiency Assessment System, which assesses the progress that English learners make in learning the English language and is administered for those who meet the participation requirements in kindergarten–grade 12.

**TSI** stands for the Texas Success Initiative, an assessment designed to measure the reading, mathematics, and writing skills that entering college-level freshmen students should have if they are to be successful in undergraduate programs in Texas public colleges and universities.

**TXVSN** stands for the Texas Virtual School Network, which provides online courses for Texas students to supplement the instructional programs of public-school districts. Courses are taught by qualified instructors, and courses are equivalent in rigor and scope to a course taught in a traditional classroom setting.

**UIL** refers to the University Interscholastic League, the statewide, voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.
Appendix: Freedom from Bullying Policy

Note that school board policies may be revised at any time. For legal context and the most current copy of the local policy, visit https://pol.tasb.org/Policy/Download/860?filename=FFI(LOCAL).html&title=STUDENT%20WELFARE&subtitle=FREEDOM%20FROM%20BULLYING.

Below is the text of MISD's policy FFI (LOCAL).

Student Welfare: Freedom from Bullying Policy FFI(LOCAL) adopted on 10/12/2017

Note: This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyberbullying. For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited
The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited. Examples: Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Retaliation
The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation. Examples: May include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim
A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting
Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

Reporting Procedures
Student Report: To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District
employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

Employee Report: Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

Report Format: A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.

Notice of Report: When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.

Prohibited Conduct
The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.

Investigation of Report
The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.

Concluding the Investigation
Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary, to complete a thorough investigation. The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.

Notice to Parents
If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.

District Action
Bullying: If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances. Discipline: A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.
The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.
Corrective Action: Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.
Transfers: The principal or designee shall refer to FDB for transfer provisions.
Counseling: The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.
Improper Conduct: If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.

Confidentiality
To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal
A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.

Records Retention
Retention of records shall be in accordance with CPC(LOCAL).

Access to Policy and Procedures
This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the policy and procedures shall be posted on the District's website, to the extent practicable, and shall be readily available at each campus.
