## STUDENT GROWTH

Midway ISD is identified by the state as a fast-growth school district and is expected to enroll more than 2,000 additional students in the next 10 years. To offset over-crowding in K-8th grades, the intermediate school model would be eliminated and both intermediate campuses would be repurposed. An addition is planned at the high school, which will expand Career & Technical Education (CTE) facilities and address growth.

According to the latest demographic projections, student enrollment is expected to reach nearly 10,700 students by 2027. In the last five years, the district has grown by nearly 750 students, which is the equivalent of filling one entire school building.

*The 2019 bond will accommodate the 10-year growth projections by adding one additional school and renovating and/or expanding four existing campuses.*

## TAX RATE INFORMATION

Midway ISD maintained a total tax rate of \$1.32 per \$100 of property valuation from 2008 to August 2019. The total rate could drop to \$1.24 in 2020.

*The tax rate decreased 7 cents as a result of House Bill 3, a school finance bill passed recently by the Legislature, and it could decrease an additional 1 cent if the bond is approved.*

**EARLY VOTING**  
October 21 – November 1
