The Midway ISD Council of PTAs and Midway Independent School District have adopted the policy that all district fundraisers options for an individual to “buy out” the amount of said fundraisers by an amount determined prior to the beginning of the fundraiser.

The “Buy Out” option shall:

1. Be an amount equitable to the amount the PTA or club/organization would raise through the fundraiser
 2. Be made public as an option at the time of the fundraiser
 3. Be an amount the equivalent to any “Reward Day” level of fundraising, including additional costs normally covered by a fundraising venture.
- Contributing this amount will allow the individual to meet club participation requirements (secondary level) or to participate in reward events or activities (elementary level)

All approved vendors must adhere to this policy.
